

On This Side Of The Sun

By Phat

RELIEF — "Well," said Dolly Evitts, chief observer, when she received word that the 24-hour air watch would end October 16. "Now I'll be able to walk down the street and greet my friends. Ever since I've been chief observer, they've crossed the street when they saw me coming. Thought I was going to ask them to take the midnight shift. But they had better look out for me until Oct. 16. We'll need aircraft spotters until then." The Japs are getting smart. A recent Japanese Imperial headquarters broadcast picked up on this coast, said: "The enemy offensive can not be belittled." Nor be stopped.

CARNIVEROUS — When you say "timid as a rabbit" you aren't referring to Butch, pet rabbit belonging to Florence Silver. For Butch lives up to his name. He's a tough bunny and eats bones from the same plate with his co-pet, Pepper, a dog. And he doesn't let Pepper get away with anything. Butch is of a jealous disposition and if Pepper gets too much attention, Butch will nip the petter. Which reminds me—if carrots cure night-blindness, how come rabbits are easy prey for owls at night? Ever hear of a carrot-eating owl?

POSTWAR—My wife says I'm full of ideas—most of them bad. The remark was occasioned after I had been ruminating about post war problems. Parking, for instance. It's going to be a headache after the war and I ventured the opinion that architects would have to design buildings with the entire first floor devoted to parking space, elevators and escalators taking people to the store's main floor which would be the second. "Fine," says she, "but how about show-windows? What are the window shoppers going to do?"

NAMES—How do you pronounce Cahulla? Right. Do you know there's a Kahweah street in town, too? Confusing. When a man told me he lived on Kahweah street and started to spell it, I showed my superior knowledge by saying: "Oh, you mean C-a-h-u-i-l-l-a." "Like hek (or a reasonable facsimile) I do," he bellowed. "I mean Kahweah." If I hadn't been broke before, I would have

First Lecture in New Forum Series Due on Thursday

First lecture in the current public forum series sponsored by the Palm Springs high school will be held next Thursday evening at the Frances Stevens school auditorium. Lai Chand Mehra, noted authority on India, will be the first speaker in the series.

Theme of the Forum this year will be "Critical Centers in a Warring World."

He will be followed by four other speakers on China, Russia, Australia and the Mediterranean.

\$200 Fine Echoes Ration Board Ink Throwing Episode

Mrs. Fay Boucher who on Sept. 13 threw the contents of an ink bottle at ration board members during an argument over supplementary gasoline rations, paid a fine of \$100 yesterday in Judge Guy Pinney's justice court and will have to pay another \$100 within 30 days unless she makes restitution for damage done to clothing and property by the flying ink.

Dr. Macartney to Be Chief Speaker At Church Jubilee

Coming as a signal honor, Dr. J. R. Macartney, pastor of the Palm Springs Community church, has been invited to preach the sermon at the 60th anniversary celebration at the First Presbyterian church at Bellingham, Wash., his old parish, on Oct. 24.

He has been asked to preach the same sermon he preached on his first day at that church, 38 years ago. Dr. Macartney has accepted the invitation and Chaplain Walter Farris of the Air Base will preach in his stead here that day.

The Bellingham Kiwanis club, of which Dr. Macartney was a member, will attend the services in a body and on Oct. 26, Dr. Macartney will address the club.

Dr. Macartney served the Bellingham church for 15 years, nine years the first time and then after a lapse of 17 years, was called back there and served as pastor for the next six years.

Third War Loan Drive Exceeds Quota Here By \$13,000

Last Minute Drive Fills Bond Quota

Villagers Buy \$483,956.50 in Brisk Campaign

Palm Springs did it again.

The Village subscribed for \$483,956.50 in war bonds during the Third War Loan drive which came to an end Saturday at midnight and topped its quota of \$470,000 by more than \$13,000.

A last-minute campaign, when the city seemed destined to fall \$8,000 short of its quota, brought in more than \$21,000 and spelled success for the local drive.

WHIRLWIND FINISH

At 6 p. m. Saturday with six hours to go the total subscribed here was \$464,000. Chairman Harold Hicks of the bond committee and Fred Ingram of the Bank of America, went out on a two-man drive and brought in \$15,000. In the meantime, Bill Hillery of Cathedral City, included in the local quota, brought in \$5,000 and another \$1,000 dribbled in before midnight, putting the city safely over the top.

When the local quota was first announced, it was feared that Palm Springs would be unable to make it because most of the 'big buyers' were not yet back for the season.

But the committeemen buckled down to the job and that they worked hard is indicated that \$134,162.50 in E bonds, the smaller bonds, were sold, proof that scores of Villagers took part in the drive and that the number of individuals buying hit a high figure.

The largest single contribution to the drive came from Bullock's Palm Springs store which purchased \$100,000 worth of bonds. The purchase was made by Harris Posey, manager of the store, at the Bank of America.

SCHOOLS ASSIST

Palm Springs schools also came through with the high school (Continued on Page Six)

Two-Year Sky Watch Nears End

24-Hour Service At Observation Post to Stop Soon

Affecting more than 100 Villagers who have loyally given their time to manning the local ground observation post, a sharp change will be made in the aircraft warning service on October 16, a week from tomorrow.

At 6 p. m., on that date, the observation posts and filter centers will be maintained only on an "alert" basis, that is, subject to call in event of an emergency.

ANNOUNCED BY FDR

Removal of aircraft spotters from a 24-hour basis was announced Monday by President Roosevelt in Washington. The president said that the war department is assuming the risk of a small scale raid to release some of the spotters for essential work. He warned, however, that the public must not be led to assume that the need for civilian defense work is at an end.

Statements were also issued by Gen. H. H. Arnold, commanding general of the army air forces, and Brig. Gen. Edward M. Morris of the Fourth Fighter Command.

NO INTERRUPTION

The local post is two years and two months old this month. It was organized in August, 1941, and when the Japanese struck at Pearl Harbor on Dec. 7, that year, went on a 24-hour basis. The local post has been manned continuously since that date.

Dolly Evitts is present chief observer of the Palm Springs post and Bill Hillery chief observer of the Cathedral City post. Both received notification of the change in letters from the army this week. Culver Nichols, area supervisor, also received copies.

GEN. ARNOLD'S LETTER

The letter from Gen. H. H. Arnold follows:

"The War Department has detected that certain elements of the aircraft warning service be placed on an alert status and that henceforth observation posts and filter centers be manned at intervals rather than on a 24-hour basis.

"The considerations which have led to this decision are not based upon any belief that the war's end is yet in sight. On the contrary, between us and final victory lie many months of bitter fighting. We have made the transition, however, to the offensive. We are pressing the attack home (Continued on Page Seven)

Transfer Control Of Field Club to Public Works Head

Full authority over maintenance of the Field Club property was transferred to the department of public works by the city council Wednesday night following a report of the condition of equipment and buildings at the property.

Inspection last week showed that equipment and buildings had been allowed to deteriorate and that much work would have to be done to bring the property back.

Question of responsibility for the condition was discussed but because of divided authority, no decision was reached.

Councilman Eugene Theriault moved that maintenance of equipment and physical assets of the property be placed in the hands of Ray Sorum, public works director, with complete authority. The motion was adopted.

Christmas Greetings To Our Men Overseas!

Here is it October 8 and so warm it is hard to realize

Christmas is only 78 days away and that only seven more days remain in which to mail Christmas packages and greetings to you men, now in this, the greatest conflict in all history. For this reason we of the Desert Sun staff are taking a part of the front page of this issue to say to all the men overseas who are receiving this newspaper, "Christmas greetings and best wishes for a victorious 1944."

For some of you this is your

(Just one week to mail Christmas packages overseas and Palm Springs is lagging.—See Page 2, column 2.)

Enlisted Men Star in Army Wonder Show

Tickets for the premiere performance of "The Army Wonder Show," an all-enlisted-man's performance at the Plaza theatre on the evening of October 22, went on sale in the Village today at Torney General Hospital, the air base, leading hotels and drug stores. Indications were that it would be a sell-out.

The "Army Wonder Show" is strictly an enlisted man's show. An all G. I. cast from Torney General Hospital will mystify the audience, according to the G. I. press agent "with the magic of tomorrow."

From the ranks of the hospital personnel, Pvt. John Doe will have a chance to participate in some of the most amazing stunts ever performed on the stage. The entire production is under the direction of professional talent and has been rehearsing constantly (Continued on Page Ten)

Have You a Spare Bed Saturdays for Tired Soldiers?

How did you sleep last Saturday night? And where? Not, we hope, in the back seat of your automobile with your ten-month old baby daughter in your arms — the automobile parked in one of the Village gasoline stations, after a long trek from Cleveland, Ohio.

And not on the barbecue table at the USO. That 20-foot board of good solid oak, built for festive supper parties, was full of tired, dusty, lonesome men from the desert, men who had known other USO clubs where friendly civilians dropped by on Saturday nights to pick up soldiers whose bodies ached for a real bed and whose hearts wanted more than anything else the feel of a family in a home. "Just once more, before we go over," the boys say.

If you have anything softer than the USO barbecue table to which you can invite a soldier or a soldier's wife on Saturday nights, please telephone 6024. The need is far greater than you can guess.

World Famous Desert Inn Opens Tuesday

The Desert Inn, world famous Palm Springs hotel, will open for its 35th season under the management of Mrs. Nellie N. Coffman and her sons, Earl Coffman and George Robertson, next Tuesday, October 12.

From all indications, it will be one of the best of the many busy seasons the noted hostelry has been host to world notables and Villagers.

Earl Coffman said this week that inquiries and reservations are pouring in in greater numbers than ever before at this time of the season. Most of the reservations are for long periods. Many of the institution's regular guests from the east, midwest and northwest, plan to come earlier and stay longer this year, he said.

AHEAD OF LAST YEAR

"We have had many more reservations and requests for information than we had last year at this time—and last year was a banner year," Mr. Coffman said.

From the tone of the requests coming in, it was indicated that many middle-aged and elderly people were planning to come to Palm Springs early before cold weather sets in. The real threat of a coal and fuel oil shortage in the east has speeded these reservations.

The hotel already has some rooms open on the European plan but will open for full operations under the American plan Tuesday. The dining room will be open Tuesday.

EXPERIENCED PERSONNEL

Guests at the Desert Inn are assured the same efficient service they received in past years, for Mr. Coffman reported that 90 percent of last year's experienced personnel will be back this year.

Fred Warner will return as assistant manager. During the summer he was resident manager of the North Shore Tavern at Lake Arrowhead. Mrs. Henrietta Young will be back as social director.

The chief steward will be Richard Hagopian, new at the Desert Inn this year but with long years of experience behind him at other famous hostels. For the past eight years he held a similar position at the Del Coronado (Continued on Page Ten)

Suits Filed Against 18 Indians, 266 Individuals To Clear Up Situation

U. S. Attorney General's Chief Aide Here to Explain to Tribe; Reviews History, Cites Federal Contentions

In a drastic move, designed to clear up the tangled and tenure situation on the reservation of the Agua Caliente band of Mission Indians in Palm Springs, suit was filed by the government in Los Angeles federal court this week against 18 Indians and 266 tenants of Indian land.

The suit seeks to clear the title to all Indian lands here, to obtain an accounting of all rentals collected by individuals, and to evict those unlawfully in possession of Indian land.

REVIEWS HISTORY

The suit will also seek a court order to impound all moneys collected here after in the Indian office pending settlement of the suit.

Norman Littell, assistant U. S. attorney general, was in Palm Springs last week end to address

(For complete statement of Ass't U. S. Attorney General Norman Littell, turn to Page 5, columns 4 and 5.)

a meeting of the tribe to explain his proposed action. He reviewed the history of the land tenure situation and told of the suit to be filed this week.

He cited long controversy and confusion over the land situation and declared the justice department deemed the only way to end the tangle was via the federal courts.

CITES DECISIONS

Three separate suits have gone to the federal courts, he declared, and in each case it has been decided that the land was tribal land. But individual Indians, under the mistaken impression that they had been allotted certain

(Continued on Page Ten)

Holland Head Of War Chest Program Here

With the announcement that Tom Holland had been appointed general chairman, plans for the War Chest campaign here this fall were set in motion this week, headquarters were established and steps to bring the first campaign under the new set-up to a successful completion, launched.

The War Chest drive unites all approved war relief and welfare appeals except the Red Cross on a nation-wide basis for the first time. It combines 17 national campaigns in one big drive.

LOCAL QUOTA NOT SET

The national goal is \$125,000,000 for war relief causes and with home front needs, \$250,000,000. At the organization of the Riverside county unit, early in summer the Palm Springs quota was fixed at \$8,500. With the Boy Scout and Salvation Army drives not included in this figure, the total to be raised here will be approximately \$10,000.

However, no definite figure has been set as the local quota, Mr. Holland said, as the committee was not fully organized and that

(Continued on page Seven)

Nude Bather Cause Of Consternation at Hotel Swimming Pool

A woman who gave her name as Anne Hunsacker and her age as 24, created consternation at the swimming pool of a local hotel Sunday afternoon when she dove into the plunge in the nude and swam around unconcerned while spectators gasped in amazement and a hurry call was sent for police. She was booked here on a charge of disturbing the peace and sent to the county hospital at Arlington for observation.

It was about 4:30 Sunday afternoon in the full light of the sun and before approximately 75 persons crowded about the pool that Miss Hunsacker dove into the pool.

She had left her clothing in her automobile, parked nearby, and raced into the water before she was noticed.

An unidentified nurse proved the heroine of the occasion. While Police Officer Orest Johnson was racing to the scene, the nurse, who had been in swimming and who was sunning herself at the edge of the pool, grabbed a sheet and plunged back into the water.

She herded the dodging nude bather toward the edge of the pool where Policeman Johnson seized her wrists. The nurse then wrapped the sheet around Miss Hunsacker and she was taken to police headquarters. Policeman Johnson, in the meantime, had retrieved her clothing from the parked car.

At the station she refused to dress and was forcibly dressed by Jail Matron Jewel Hambleton, assisted by blushing police.

Miss Hunsacker has given her occupation as entertainer.

Needed Equipment Bought by Welfare Society for City

Mrs. Madge Holderman, public health nurse, this week announced that a new auto-clave for the sterilization of medical supplies has been installed at the Health Center and is now in operation.

The equipment was purchased by the Welfare and Friendly Aid association at a cost of \$700 in order to meet the needs of the community. Prior to this installation, the closest available steam pressure sterilization was in Riverside.

"This is just one more accomplishment to the credit of the association in benefiting the community," Mrs. Holderman said.

Ten members of the association met at the Health Center yesterday in the first session of the new season. Because so many members have not returned, election to replace officers who will not be back this year, was postponed until the next meeting.

Fewer Tires and Autos Available This Month Here

There will be more than 100 less Grade 1 tires available for Riverside county motorists in October than there were in September, figures released this week by the OPA indicate. Grade 3 tires will also show a drop this month.

In September, the county was allotted 1030 Grade 1 tires. The October quota is 912. In September the county received 1135 Grade 3 tires; in October it will get 1125.

Passenger car tubes and truck tires and tubes also showed a drop while there will be 53 new cars available this month against 63 last month.

Deadline on Yule Presents Overseas Comes Next Friday

Deadline on Christmas gifts to men in the service overseas falls one week from today.

And Palm Springs is seriously lagging.

According to Postmaster R. M. Gorham, the soldier and sailor parcels are 50 per cent less than estimated.

"Apparently the public is not impressed by the fact that parcels must be mailed by Oct. 15," he said. "Scores of soldiers from around here are going to be disappointed Christmas day unless action is taken at once."

All Christmas parcels to soldiers and sailors battling the far-flung war fronts must be in the post office October 15. After that it will be too late to get the gifts to the men by Christmas.

The early closing date, said Postmaster R. M. Gorham, is because of the great distances some gifts must travel and because of possible delays due to military necessity.

"Christmas parcels for the boys overseas must be mailed this week—or they will not be received on Christmas day. Don't fail them now," urged Mr. Gorham.

Beckley's Malt Shop Purchased By Village Women

Beckley's Malt shop, 200 North Indian avenue, has been sold by Benton Beckley to Dorothy Keeney and Mrs. M. C. Perkins of 545 Calle Abonria Aurita, well known Villagers who have taken charge. They have spent several seasons here.

The name of the shop has been changed to the "Original Malt Shop."

The new owners plan to continue to serve all kinds of fountain delicacies and install a complete luncheonette service later. Announcement of hours will be made next week.

W. W. Daly Off on Week's Vacation

Mrs. M. F. Henderson, formerly a resident of the Village and in business here, who is now living on Catalina Island, visited her son, William W. Daly of the Tropic Palms Gift shop last week.

Mr. Daly accompanied her back to Catalina to spend a week's vacation there.

JUST PAST DESMOND'S

HETTY DUDLEY

STIRRING—A thrilling scene from "Watch on the Rhine," the outstanding Warner Brothers picture starring Bette Davis and Paul Lukas at the Plaza Theater October 10 to 12.

Cathedral City

W. R. HILLERY

Garbage is a word that does not bring to mind sweet thoughts unless a group that has been plagued by the problem finds it near solution and then indeed it is a sweet thought.

After several months without pick-up service here and our inability to find anyone during the summer who would take on the job it now appears that through the good offices of Mr. Lawrence Crossley of Palm Springs, we will have a Mr. B. T. W. Harris take charge of the collection.

The fact this is a desert is the only answer to a condition that would produce an epidemic most anywhere else. Complaints were multiplying and after electronics Dudley B. Clark had complained to Washington, Sacramento, Riverside, etc., about apparently Cathedralites dumping on Indian land near his laboratory, we received calls from the County Health Department and William Veith, Agua Caliente Indian agent.

But despite any agitation, the problem worked itself out in a routine way.

Starting Monday the collection will begin and because of the accumulation and the littered vacant lots it will be necessary to have a general clean-up first and then settle to a Monday and Friday collection. Cooperation and rules are essential and it is the only way this problem can be permanently solved.

The War Bond drive was satisfactory and our community was a distinct aid in realizing the amount of the Palm Springs area quota. With more than \$5,000 sold by Mrs. Edna Cobb at the Post-office and about an equal amount turned in through this writer there was one or two thousand more placed through the Palm Springs bank or post office that originated in the Cathedral City area and was not reported through us.

Elsewhere in The Desert Sun is important news about the change in the status of the observers of the Aircraft Warning System. We are not through with our job but it has reached maturity.

Mary and Jim Wolseth returned from Pinon Pines this week and with them came Mrs. E. F. Reilly. We are glad to welcome home these good citizens.

The Wolseths will re-open their Desert Lodge while Mrs. Reilly will occupy her home here.

Mr. and Mrs. George Adams returned from Florence, Oregon, where they have a court, and will conduct their Adams Motel here.

Roy R. Miller, the Desert Cabinet Shop man, who has lived here for several seasons, is again residing here although his full time duties at Torney General Hospital will not permit him operating his shop.

W. L. Jordan, prominent real estate broker and with Mrs. Jordan, operators of the Desert Villa Apartments, came up from Balboa where they are in business during the summer and have resumed their activity here. We are glad to have Mr. Jordan back here because he is not only a chamber of commerce director but a community worker.

Mr. and Mrs. A. J. Lacey came down from Idyllwild where they spent the summer and have reopened their rental property here.

Mrs. Chas. Phillips Krauth, who has been here the past two seasons came from Big Bear and will be with us again this winter. Mrs. Perry E. McCullough and her sister, Mrs. Jensen, are here from Laguna Beach to check on the McCullough dwellings before returning to the beach city.

Mr. and Mrs. R. J. Laas came in for a few hours prior to their permanent return for the winter.

The report is current that the H. A. Mills residence has changed hands.

E. J. Wheeler and family are having troubles. And his troubles are also ours for he cannot get sufficient ration points to keep his Totem Pole Cafe open for three meals per day. And that is the only place in town where you can get a full meal.

Esther Woods sent in an ad that she will open her Harry's Poultry Market October 15. She also advised she would go on watch at the post. Now isn't that too bad when we cease full schedule on the 16th.

Kurt Reineman, talented artist and resident here for several seasons, has returned from Idyllwild and is occupying one of the Washington cottages.

Mrs. Grace M. Jones, property owner here and pioneer of this area, came home from the east where she spent the summer.

Cathedral City is essentially a home village and we are pleased to have Mrs. Lily Cable of our local school furnish us with information on what is going on in the world. And isn't this village the world to these youngsters? Bless them and let us hope the parents and the teachers will guide them to a practical idealism that will not be known as a right or a left tendency but will be aimed straight ahead and certainly be something far superior to the barbaric world we now live in.

Total enrollment—21.
The school is operating on a basis of self-government. Marvin Hale is president; David Franz, vice-president; and Beverly Lindquist, secretary. The motto is "We Serve Our School and Our Country."

New athletic equipment for the year include a volley ball court and shuffleboard.

Victor Cavalier Back and Glad to Be in Palm Springs

Victor Cavalier, chef at The Dunes, has just returned from Kansas City—as a full-fledged citizen of the United States.

While in Kansas City he received his citizenship papers.

Mr. Cavalier found Kansas City crowded and full of work. Travel conditions were also bad, he said, as he remarked that he certainly is glad to be back in Palm Springs.

Mrs. Cavalier and baby daughter are now also in the Village.

HUMBLE FARE TO DELICACY

Frogs' legs are now a rich delicacy, but they were the discovery of the starving poverty-stricken peasants who frantically sought food in the hard days before the French revolution. The peasants groped in swampy pools to catch frogs and preparing them with sauces, found the legs made palatable eating.

Full Cooperation Pledged City if Offices Are Moved

Edward R. Gray, representing Linn D. Johnson, owner of the El Paseo building, wrote Mrs. Louise McCarn this week offering full co-operation on the part of his client, if the city should wish to proceed with its program of combining city offices in larger quarters.

The city's lease on the present council and judicial chamber expires soon.

Mr. Gray's letter declared that it was probably too late to do anything at present and suggested that the matter be held in abeyance to enable careful and thoughtful planning and designing in the event the move is made and to allow time to obtain the necessary materials to make the necessary changes in design to accommodate city offices.

Possibilities of a change in location have been discussed by council informally from time to time.

Village Sandwich Shop to Close on Mondays Hereafter

Gladys Denton and Cecil DeArman of the Village Sandwich shop announced this week that the popular dining spot will be closed on Mondays hereafter, instead of Tuesdays.

"The heavy week-end business just about cleans us out and we will take our weekly day off on Mondays to replenish stocks and give personnel a needed rest," said Mrs. Denton.

MIRACLE WORKER

A famous American novelist was talking about the difference between realism and romanticism in fiction. To make his views on the subject clear he told of a young man who proposed to his sweetheart thus:

"Darling, it shall be my life's purpose to surround you with every comfort and anticipate and gratify your every wish."

That said the novelist, was the romanticist speaking.

The girl, a realist, replied sweetly: "Oh, Jack, how wonderful of you—and all on fifteen dollars a week, too!"

Desmond's

Overseas Gifts

The gift you send your hero overseas is sure to hit the spot

if it's from Desmond's. You see, we've been pleasing army

and navy men for over 25 years now . . .

they come in on leave from all over the world

to tell us what men overseas really want and need. So be sure

your gift is right, let us help you select just the thing

for your man, wherever he may be.

We'll take care of all the mailing details for you, too...we're

your gift will go in the official overseas carton especially made

to see that it arrives in good condition for Christmas at the front.

DESMOND'S PALM SPRINGS

BUSINESS ASSISTANCE!

We wish to announce our association for the purpose of rendering business assistance to our present and prospective friends and clients in the vicinity of Palm Springs.

There is an idea behind our venture. We are not primarily interested in providing any one element of our service by itself. But rather the rational and proper streamlining of your activities in our particular field so as to—

Increase your profits,
Protect your tax liabilities, and
Represent you before
government agencies.

Accounting is basic,—good accounting, not just a lot of figures that lead nowhere and have to be dug out to render the required reports. We are prepared to install a set of books, do the book-keeping, make periodic statements,—and most important of all, interpret the figures.

We will make out your reports to the Collector of Internal Revenue, the State Employment Commission, the Board of Equalization and the Office of Price Administration,—advising you of the laws and regulations, and representing you before the authorities when necessary.

Every business person is hampered by the time consumed away from business by the endless details involved in compliance with the requirements of these mysterious agencies. A specialist can save you time and money.

We call ourselves Business Assistants. That is the idea behind our association.

To relieve yourself of book-keeping, tax headaches and OPA problems, consult

New Entertainers Delight Audience At Chi Chi "Hut"

Opening for a limited engagement at the Officers' Hut at the Chi Chi cafe, two talented entertainers are delighting their audiences nightly. They are Felice Shaw, songstress formerly with Sunny Dunham's band and pianist, Anita Short. They opened their stay there last Saturday night.

In the main lounge, Dottie Reid, singer, has been held over by request and appears with Allien Lair, boogie-woogie pianist.

Miss Rae Now at Haven of Beauty

Miss Rae Golding, formerly with Sally's, is now at the Haven of eBauty at 439 North Palm Canyon drive.

This is the third season that Miss Rae, as she is known to her large clientele here, has been in Palm Springs.

Mr. and Mrs. Myron V. Wilson have returned to their home in Palm Springs to remain until next May. They spent the vacation months at their summer home in Helena, Montana.

Pay Telephone Bills before the 30th and receive your discount.

Dr. C. H. Pepper Returns to Village For Fourth Season

Dr. Charles H. Pepper, well known Palm Springs physician, has returned to the Village for his fourth season here, and has reopened his office at 483 North Palm Canyon drive.

Dr. Pepper spent the summer months at Lake Arrowhead.

"I went up there for a vacation," he said, "but was busy all summer."

Noted Author and Wife Return Here

Mr. and Mrs. Harold Bell Wright have returned to Palm Springs to make their home at the residence they purchased last year in the Palo Verde tract. The noted author and his wife have been spending the summer at the Escondido ranch.

Indian Wood Yard Opens for Season

Charles Lamkin, manager of the Indian Wood Yard, in the rear of 266 South Indian Avenue, has reopened the yard for another season.

The Indian wood yard is operated on a wholesale and retail basis.

Palm Springs Bowl Roller Rink Will Close for 3 Weeks

Margaret Anderson of the Palm Springs Bowl Roller rink announced this week that the popular recreation spot on Sunrise Way on the Field Club grounds, will close Sunday evening, October 10, for three weeks during which time extensive alterations, repairs and redecoration projects will be rushed to completion.

The Roller Rink will re-open on Monday evening, Nov. 1, with a gala ladies night affair. The Monday night opening will mark the start of the fourth season of the Bowl in Palm Springs recreational life.

During the closure period, Mrs. Anderson will take a brief vacation after an extremely busy summer. She will go to St. Louis.

Her husband, L. J. Anderson, who entered the army on August 25, is now stationed at McClellan field, Alabama.

Mrs. H. G. Carnell Feted by Friends On 80th Birthday

From Dayton, Ohio, comes a clipping from The Herald of that city regarding a pioneer Palm Springs resident and developer. It told of the observance of the 80th birthday of Mrs. H. G. Carnell, owner of the Carnell building and The Plaza here.

The clipping, sent by a Desert Sun subscriber in the Ohio city, follows:

Tucked away in the wilds of Canada on the shores of Lake Ling, in the province of Ontario, is the summer home of Mrs. Harry Gardner Carnell, and there, surrounded by a group of her intimate friends from here, one of Dayton's outstanding benefactors tomorrow (July 10) will celebrate her 80th birthday.

FOLLOW OLD CUSTOM

The birthday "party" follows a custom observed for several years past as much the same group, and though the spot is far from stores where gifts may be purchased, Mrs. Carnell's guests, through their ingenuity, always manage to find something to surprise their hosts.

Dayton guests with Mrs. Carnell are Mrs. Reynolds Andrews, Mrs. Hermann Bimm, Mrs. Charles Snyder, Miss Mary Dixon, Dr. and Mrs. H. H. Herman, Mr. and Mrs. E. D. Vance, R. R. Dickey and Walter Brenner.

Mrs. Carnell, through the years she has been active in local affairs, has given of her talents and means, culminating with the purchase of the old Hawes estate and the erection and presentation to the city of the \$2,000,000 Art institute.

In the halls of the Art institute hangs a beautiful portrait of Mrs. Carnell, painted by John Christen Johansen, famous New York artist. It was presented at a dinner in 1940.

AWARDED MEDAL

As far back as 1929 the Civitan club, recognizing her contributions for the welfare of her fellow citizens, awarded her its medal as the most outstanding citizen of the year, she being the first to receive this annual award.

Heavily supporting numerous Cultural and civic movements, among them the Community Chest, the hospitals and Barney Community center, Mrs. Carnell also has participated in the business life of Dayton.

She was largely responsible for the erection of the Third National building, and in 1933 accepted a place on the board of the Third National Bank and Trust company, becoming the first woman bank director in Dayton and one of the few in the United States.

Weinberger Home Is Re-Opened for Another Season

Mr. and Mrs. Henry Weinberger have returned to the Village to spend another season here. They re-opened their home at 457 Hermosa place last week.

They spent the summer at the Town House, Los Angeles.

Mr. Weinberger has played a prominent part in Village civic affairs and last season was one of the leaders in various war bond drives here.

Receives Word From Husband in England

Mrs. F. L. Bigsby of Evansville, Ind., who is visiting her brother, Pfc. W. H. Thurman, air base orchestra leader, and his wife, received a cablegram this week from her husband, Capt. F. L. Bigsby of the medical corps, that he had arrived safely in England.

Williwaw May Sound Funny But It Is No Laughing Matter Says Son of Local Councilman Just Back From Alaska

The Alaskan williwaw—something that sounds like a cross between delirium tremens and the wailing of a banshee, and which is neither—isn't half as funny as the name looks, according to Samuel R. Adams, son of Councilman and Mrs. C. R. Adams of Palm Springs and an officer candidate at the Army Air Forces OCS, Miami Beach.

It's an extremely strong, gusty wind which blows down from the frigid mountains of northern Alaska and is capable of ripping a plane to shreds.

TWO YEARS THERE

The williwaw, like all other things peculiar to Alaska and the Aleutians, is well known by Adams, for he spent more than two years in that area before coming to OCS, where he is a member of the 7th training squadron. He was caught in one of these freak blows while out on a photography mission. He escaped, but he remembers!

Fifteen winds were not the only thing he had to contend with while taking daily flights to secure photos of areas of military importance. Over Kiska and Attu he met Japs in Zeros and saw streams of tracer bullets streaking past, close to his plane.

Adams' aerial photography experience dates to pre-Pearl Harbor days when he made pictures from the old Martin B-10 and Douglas B-18. Since then he has flown in C-47s, B-24s, B-26s, B-25s, the Navy's PBVs and numerous smaller planes.

REMEMBERS JAPS

He remembers the skill of Jap pilots encountered in the early months of the war. Flying in agile Zeros they would zoom in pump a few rounds into American planes and quickly slip out of range. As time went by, these experts were eliminated by American gunnery, and the famous Jap plane lost much of its effectiveness.

In spite of all the excitement of battle and hair-breadth escapes from death, Adams' lasting impression of Alaska is not of those things. When he thinks of Alaska his mind is filled with colorful pictures of beautiful and rugged scenery—majestic snow-covered mountains, green valleys, endless glaciers and numberless frozen lakes.

EXCITING SPORT

He remembers flying low over herds of moose and deer and the exciting sport of zooming over the world's largest carnivorous animal, the Alaskan brown bear. He recalls how these huge beasts would rear up on their hind legs and paw the air, as if to give battle to low-flying planes.

Vivid in Adams' memory are the famous seal islands, literally covered by thousands upon thousands of fur seals.

OF LITTLE VALUE

Money, says O C Adams is of little value in Alaska. It is not uncommon to see an ordinary cigarette lighter sell for \$20 or a bottle of beer for \$15. The man in Alaska who owns a quart of whisky has a small fortune. And mail is worth more than all other things combined, he says.

When he left the Aleutians, the Japs were still on Attu and Kiska. He wishes he had been there for the kill, but is willing to settle for a chance to photograph Berlin and Tokyo when Americans are parading there in victory.

Peter Pan Date And Cookie Shop Starts 8th Season

Mae Johnson and Helen Hill have re-opened the Peter Pan Date and Cookie shop at 276 North Palm Canyon drive for their eighth season in the Village.

They specialize in fresh dates, home made cookies, jams and jellies.

They have sent their home-made cookies to soldiers in all parts of the United States.

Miss Johnson and Miss Hill spent the summer months at Lake Tahoe.

Brock's Waffle Shop Prepares for Season

C. F. Blattner of Brocks' Waffle shop, returned to the Village this week and has been busy preparing that popular eating place for its second season here.

Exact date of the opening will be announced later, he said, after completion of redecorations and refinishing.

Brocks has long been famous for its special waffles. Mr. Blattner spent the summer in Los Angeles.

Dancing is part of a soldier's training in China.

Mr. and Mrs. Hansen Entertain For Family Visitors

Mr. and Mrs. H. L. Hansen of Chino drive, entertained informally at the cocktail hour Saturday evening for their daughter, Reta, and her husband, Lt. Col. F. E. Leek, United States Marine Corps.

It was the first time in four years that Col. and Mrs. Leek have been on the west coast. To make the family re-union complete, Mr. and Mrs. Richard Hansen of La Canada were at the Hansen home for the week-end.

Guests invited to meet the young people were Mr. and Mrs. Fred Ingram, Mr. and Mrs. Harold Hicks, Col. and Mrs. Marus A. Ming, Mr. and Mrs. C. G. Lykken, Mr. and Mrs. Charles H. Henderson, Mrs. Reta Kicher and Mrs. Earl Neil.

Mr. and Mrs. F. A. Schuman and Mr. and Mrs. H. Bubb, of Los Angeles, spent Wednesday visiting friends in the Village. The Schumans are frequent Palm Springs visitors during the season.

Brother of Late Village Resident Suddenly Stricken

Word was received this week by Mrs. Catherine Grove of Grove court, of the death of her brother-in-law, George Grove, in Detroit, Mich., brother of the late John J. (Jack) Grove, Palm Springs developer who died just about a year ago.

George Grove, who was 65, succumbed while seated in a chair at a sister's home. By a strange coincidence, his passing was identical to that of his brother, the widely known local man who had been prominent in civic affairs here and who helped found Cathedral City, Jack Grove was summoned while seated in a chair in a San Francisco hotel lobby October 22 last year.

Mrs. Grove had but recently visited with her brother-in-law, returning only last week from five weeks spent in Chicago and four in Detroit.

Mr. and Mrs. Harry G. Klonick returned late Monday to re-open their home here for another season. They spent the summer at the Town House in Los Angeles.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By S-Sgt. Russel H. Genich

MEDIC'S CHIEF, AIDE HERE

The number one man in the Medical Department of the United States Army, Major General Norman T. Kirk, the Surgeon General visited Torney on Tuesday, September 28. General Kirk is on a routine tour of the Southern California medical installations, and this was one of his many stops along the way.

Accompanying the Surgeon General was Brigadier General Raymond W. Bliss, also of the Surgeon General's office.

INSPECT HOSPITAL

The General's party toured the hospital's various departments, and commented favorably on what they saw.

Speaking of the present situation, General Kirk said that he felt that those who are serving in the Armed Forces at home are just as important to the war effort as the overseas units and are contributing just as much to the common cause.

"The Medical Department at home and in the overseas service will become increasingly important as the war progresses," said the Surgeon General.

DINE, DANCE

Nightfall marked a gala dinner-dance, which was given in honor of the General and his party. Two hundred and fifty officers and wives of the command were present for the "event" of events in the hospital's brief history.

Credit for the fine manner in which the dinner was served goes to Capt. Ward's Dietetic Department staff.

Smoothly styled music for the dance was provided by the Torney dance band, ten ambitious, horn-toting G. I.'s.

All told, it was a great day.

RUGGED, BROTHER, RUGGED

I know this is true, for I know the men concerned.

When the army took over at Guadalcanal it was an ex-National Guard outfit that bore the brunt of the attack. I went to school with a good many of these soldiers—and knew most of them. One of them, now a signal section leader, was a constant visitor at our home.

Thus it was with considerable interest that we heard this story of American psychology at War.

LINE GOES DEAD

In the pitch dark jungle night, Sandy's men laid a telephone line from battalion headquarters to regimental headquarters. When regimental headquarters was finally reached it was discovered that the line was dead. Somewhere, back in the tangled jungle,

Palm Springs . . . and
Worth It!

the line was shorted or broken. It had to be repaired, so Sandy and Harold Zumpf and a third soldier retraced their steps, checking each foot of wire for possible trouble.

Foot by foot, yard by yard, the trio painstakingly inspected the thread that connected the battalion with headquarters. In the jungle, it is the alert who survive. Was it a moved twig, was the earth disturbed, was there a human whisper among the sounds of the jungle night?

HIT THE DIRT

Whatever it was, Sandy's reaction was instantaneous, "Hit it," he ordered "somebody's moved our wire!" The staccato fire of a machine gun added the exclamation mark to the command.

Not thirty yards ahead sat two Japs, the neatly clipped wire wrapped around one of the gun's tripods. They knew that a break in the wire would bring a repair crew—and they were prepared, but not for the anger boiling in Harold Zumpf's heart.

Harold was off to the right of the Sons of Heaven and could therefore edge to the rear of the grinning pair.

DID HIM WRONG

Springing up behind them, brandishing his empty Thompson sub-machine gun, Zumpf smashed the skulls of the startled Japs with the butt of his piece, his voice using plaintively, "Cut my wire will you? Cut my wire?"

It wasn't the treacherous ambush that irked Harold Zumpf, it was the signal corps man's pride in a job well done that was hurt.

It is for the Harold Zumpfs all over the world, fighting the American way for the American Way that we who are far from the front must Back the Attack!

WACS REPORT

The vanguard of the WAC detachment to become a part of the Torney organization reported for duty at the hospital on Friday, October 1. The officers reporting were Lieutenants Lydia J. Bigler and Helen C. Bowen.

NURSE WED

Second Lieutenant Frances Ruth Holt, A. N. C., of the Torney staff, was wed to 1st Lt. Roderick Pittenger of the 21st Ferrying Group at a candlelight service in the Post Chapel on Friday evening, October 1st.

It was a strictly military wedding, with bride, groom, best man and maid of honor all in uniform.

Naval trainee Robert L. Pittenger, the groom's brother, was the "best man," while 2nd Lt. Evelyn Haig of the hospital Nurse Corp served as "maid of honor."

Major Edward M. Honke, T. G. H. medical officer, gave the bride away, Chaplain George Pearson officiated.

Lending a musical touch to the Service, 2nd Lts. Beryl Bishop and Betty Seyfried combined vocal talents.

Earlier in the week, "suites-mates" of Lt. Holt gave a Spinster's Shindig in honor of the new bride, with many of the hospital nurses in attendance.

GUYS AND GALS

There has been much tying of the knot and repeating of vows among the enlisted men in the recent weeks. Kid Cupid is scoring one hundred per cent.

T-4 Stanley Rampe of the Training Unit, and Rose Arbiter, civilian employee of the hospital, were married in a civil ceremony

Bob Gray Misses Palm Springs, He Writes Villagers

John R. (Bob) Gray, now at Arkadelphia, Ark., with the U. S. Army, writes The Desert Sun that he is enjoying his life in the army but certainly misses Palm Springs and the many friends he has here.

"Since I have been in the army I have travelled in many states and I have yet to find one that even begins to compare with California. That includes Florida.

"I want to thank you for sending me The Desert Sun. I cannot tell you how much I appreciate it, I read every line. I only wish that I could be in Palm Springs to thank you in person."

Sgt. Bill Foldes Back in Village on Two-Week Furlough

Sgt. Bill Foldes, manager of the Palm Springs hotel, returned to the Village last weekend to spend a two-week furlough here.

Between looking over the affairs of the hotel, ably operated during his absence by his sisters, Misses Margaret and Irene, and renewing old friendships here, he plans to put in a busy fortnight.

Sgt. Foldes is stationed at the Fairfield base of the Army Transport Command.

Graham S. Lund Wins Promotion

Word was received here this week from the medical replacement center at Camp Barkley, Texas, that Graham S. Lund of Palm Springs, attached to the 11th Medical Training regiment, has been promoted to the rank of sergeant.

Sgt. Lund was business manager for the Racquet Club.

at Yuma, Arizona on the weekend of September 12.

They repeated the marriage vow in a simple service at the home of the bride's sister, Mrs. George Schulz, on Sunday, September 26.

Pvt. Lloyd Debler of the Training Cadre and Doris Payne of Chandler, Arizona, became man and wife on September 8. The wedding took place at San Diego, Mrs. Debler is with her soldier husband in Palm Springs.

Another war time romance blossomed into something more permanent when Pfc. James Stojish of the Dental Clinic and Helen Rohotich of Minneapolis, tied the knot on September 14 while Jim was on furlough. The parties of the first and second part met while Jim was stationed at Fort Snelling, Minnesota.

Tech. Sgt. and Mrs. James Merritt are the proud parents of an 8 pound, 5/4 ounce baby girl, born September 25. The new-comer, Judy Beth, and Mrs. Merritt are both doing well, according to Mess Sergeant Merritt.

STARS PERFORM

A quintet of top notch performers gave an impromptu show for the patients of Torney last Sunday afternoon at the invitation of Col. A. B. Jones, Commanding Officer of the Post.

Heading the talent-stacked five-some was Eddie Garr, comedian, who is famous for his work in Hellzapoppin! He recently completed a stay at Earl Carrol's where he headlined the show.

Eddie opened the entertainment with some gags, impressions and imitations which have been associated with his name for a long time.

The Blair sisters, Sybil, Yvonne and Gloria, three brunette beauties who are hep on the vocal swing-jive, had the boys begging for more. Their sizzling, syncopated rhythms had the boys bouncing in their seats.

A bit of the unusual in entertainment was provided when Capt. N. N. Rasnick of the 76th Tactical Reconnaissance group at Thermal Air Base brought his set of quoits to Torney, and demonstrated the skill which has given him the title of Quoits champion of the United States. A real champ he proved to be, shooting bullseye ringers from every and any angle.

In a word it was the best impromptu "quickie" entertainment we of the hospital have seen, and the TGH welcome mat is out to the people who brought it to Torney.

First known use of war rockets was by the Chinese against the Mongols in 1232.

S-Sgt. Gorman Is Anxious to Hear From Friends Here

S-Sgt. Donald R. Gorman, formerly of Palm Springs, who is now overseas, writes that it has been a year since he saw Palm Springs and he is getting lonely for word from the Village.

In a letter to The Sun he said that he would be glad to hear from any of his friends in the Village.

He gave his full address as: S-Sgt. D. R. Gorman, 5th Photo Recon. Sqdn., 3rd Photo Group, APO 520, c-o Postmaster, New York, New York.

Lt. Owen Coffman Now Stationed at Roswell Air Base

Lt. Owen Coffman, son of Earl Coffman, co-manager of The Desert Inn, is now stationed at the Flying Fortress school at Roswell, N. M., and, according to letters to his father here, is enthusiastic about the field and the big planes.

Lt. Coffman was commissioned a few weeks ago after completing his training at the Yuma army air force school. He took his preliminary training at Santa Ana, Cal-Aero, Ontario and Polaris field, Lancaster.

John J. Ryan Now At Texas A. & M. Air Force School

John J. Ryan, son of Mrs. Thelma Wertheimer of the Colonial House, has arrived at College Station, Texas, and is now at Texas A. and M. University for a course in army air force instruction preparatory to his appointment as an aviation cadet in the army air forces.

During this period he will take many academic courses as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to school of the flying training command for training in these specialties.

Cpl. Edward Maher and his wife, Beulah Rogers Maher, were in Palm Springs Sunday. While here they visited Capt. Richard Sutter, connected with the Desert Training Center evacuation hospital. Capt. Sutter and Cpl. Maher are friends from college days.

The lumber needed for a thousand orange boxes would crate an airplane for overseas shipment. Save the used boxes—and use them again!

Inglewood USO Girls Aid Village Junior Hostesses in Staging Gay Dance for Soldiers From Desert

The local USO Club located at 346 Tamarisk Road, was the scene for another gala week-end. Thirty members of the Sun and Sand Caravan from Inglewood, local junior hostesses and servicemen from Army camps on the desert danced to tunes of the Torney band. The Inglewood girls remained overnight and enjoyed varied activities on Sunday.

Following church services, many girls with soldier escorts could be seen bicycling to nearby points of interest. Ping-pong tournaments, tennis matches, swimming and dancing were enjoyed until late Sunday afternoon. Then amid much hand waving and shouts of "come again" from the men, the bus load of girls left for home. Mrs. Elaine Crawley and Ruth Carter accompanied the girls for the week-end party.

COMPTON NEXT

Arrangements for the dance and party were made by Mrs. Marguerite Van Derwerker, Sun and San Caravan Director, with Mrs. Eloise Hirt, local USO Club Director, and Mrs. Ruth McFarland from Inglewood.

Hostesses for the party this week-end, October 9-10, will be Sun and San Caravan girls from Compton. All service men are cordially invited to attend the open dance on Saturday evening and to return for the Sunday activities.

AT COACHELLA

Eighty Sun and Sand Caravaners from Los Angeles were hostesses for a week-end party in Coachella. Following dinner, the girls danced until midnight, had a refreshing dip in the USO pool and spent a delightful night on the desert. Sunday was filled with more dancing, swimming and various sports.

Senior hostesses from Dos Angeles were: Mrs. Clifton, Misses Evelyn Lewis, Pontet, Deininger, Sullivan, Valenta and Foner.

Francis C. Ulmer Still on Dry Land

Francis C. Ulmer, formerly on the staff of the Frances Stevens school, writes from the naval station at San Diego that he is still a "dry land sailor." He joined the Navy last November. Ulmer is studying radio equipment at the Naval Research Laboratory at the base and expects to be assigned to sea duty in three or four months.

Red and Blue Tokens Coming Next Year

Red and Blue tokens, in change for ration stamps, are on their way in. Contract for 900 million of such tokens will be let soon, OPA headquarters announced this week.

They will be a little larger than a nickel and slightly smaller than a quarter and will be valued at one point.

They will be in use soon after the first of the new year.

Reduced Gasoline Rations Near, Word

The spectre of reduced gasoline rations loomed again this week for California motorists as result of statements by Petroleum Administrator Harold Ickes this week.

Ickes said consumption on the west coast would have to be cut 15,000 barrels daily. Present consumption is 100,000 barrels daily.

Definite plans have not yet been worked out.

21st FERRYING GROUP NEWS NOTES

Ferrying Division, Air Transport Command, Army Air Field,
Palm Springs, California

By S-Sgt. George Goodale

There is one thing that has pleased us since joining this army and that is the discovery that we are still able to blush. It's most heartening to know that this thing which the reformers call a wicked world has not robbed us of our naive simplicity.

On the other hand, however, there have been times that we have blushed and immediately thought of ourselves greatly humiliated in the eyes of our fellow soldiers. That is not good.

Those times have been when we popped to with a salute at an oncoming vehicle, only to see too late a grinning enlisted man at the wheel giving us the bird, or its equivalent, as he gassed by. So when our officers have from time to time spoken that line about always saluting when in doubt, we have with difficulty restrained impulses that most certainly would have landed us in the Post's pokey, or bastille.

But a great change has come to pass. From now on we shall salute when in doubt and if we salute a fellow G. I. without collar decoration, we won't feel ashamed, especially after what happened to our section commander, Major Albert E. Higgins, the other twilight.

The major was in Long Beach and was walking about the field. Suddenly out of nowhere, briskly strode a general. Major Higgins saluted, and smartly, too.

Not until a few minutes later did the major learn that a Hollywood movie troupe was on location there and that the "general" he had just saluted was a movie extra.

So fellows, don't feel badly anymore when your "in doubt" salutes wind up with a behind-the-eight-ball aroma.

ORDERS ARE ISSUED

Incidentally, someone else must have been hoodwinked like Major Higgins. We read in a film trade paper yesterday where strict orders have been issued to actors in army uniforms not to leave the studio, even to dash across the street for a quickie, when wearing them.

ANY TIME NOW

With the aid of our trusty scissors, we offer this one:
Fortune teller: "You shall die on a Jewish holiday."
Hitler: "But what holiday?"
Fortune teller: "Any day you die will be a Jewish holiday."

THE WOLF LINE

Wonder when the Wacs are going to start calling that assortment of male soldiers that wait for them nightly in their orderly room the "wolf line?"

ALL'S WELL

Sgts. Jim Cannon and Joe Seidler and Cpl. George Fletcher blew into the field for a few days' visit from their new station at Tucson. They report everyone feeling fine there and that the boys like it.

Right now they are eating in a civilian mess hall until their own is ready.

PROP WASH

We understand that Wac Pvt. Billie Breese, a natural born comedienne if we ever saw one, is really a fine violinist. . . . Capt. Leslie Lisle back from his detached service in Tucson. . . in case

you're interested, another Charlie Chaplin hits the news today. It's Charlie Junior, 18 years old, who goes into the army. He's the comedian's son by his second wife. . . . Maj. Homer Kellams, chief of special services from Cincinnati headquarters, visited the Post this week. . . . Bob Hope, a great guy if there ever was one, calls the Wac MP's "Pistol Packin' Mamas". . . . Famous last words as contributed by S-Sgt. Bill Bloodworth: "I don't want to leave Palm Springs. I just want to wear my O. D.'s". . . . Pfc. Alvin "Pappy" Famularo's been in the army a year and never did KP until the other night when Wac corporal Rozelle LeBrocq put him to work making clean dishes out of dirty ones at the NCO club.

MEN, MAIDS AND STUFF

Sgt. Bob Felger went to Los Angeles with blonde Mary Troja, former secretary to Lt. Col. Antis, as the object of his attentions.

Pfc. Rosemary "Stuffy" Stoffregen—a gal who uses charm to buy vegetables, and cheaper, too.

Sgt. Gloria Bowie—who is contemplating a stage career, or maybe it's modeling instead.

1st Lt. Roderick Pittenger was wed to 2nd Lt. Frances Ruth Hoff, army nurse, this week.

Sgt. Joe Seidler wooing Wac 1st Sgt. Helen Davis as part of his Tucson holiday.

Tin encases the emergency sulphur ointments which protect the wounded soldier from infection.

Riverside County Quota in New WAC Drive Set at 100

Riverside county's quota in the new WAC recruiting drive inaugurated by the U. S. Army is 100, according to word from the Southern California Recruiting and Induction District headquarters in Los Angeles.

Riverside county is asked to recruit these 100 women for the army, to replace soldiers in non-combatant jobs so that these soldiers may go to the front, or lag behind in its share of the national quota for 700 WACS.

Patriotism is the keynote of the drive, and women, between the ages of 20 and 50, are urged to join if they are unencumbered and in good health. Women in essential war industries are not eligible to join.

Grant High School Plea for Bleachers

Petition of Palm Springs high school to borrow the movable bleachers from the Field Club grounds for three home football games this year, was granted by city council Wednesday night.

The home games are on Oct. 22, 29 and Nov. 19.

No charge will be made but it was suggested by some councilmen that the high school boys 'might' paint the bleachers.

A lot of calories is contained in a little fat.

Clarification of Hospital Zone Act Asked by Dr. Lynn

Dr. I. W. Lynn appeared before city council to clarify the status of his office at 419 North Palm Canyon drive. Dr. Lynn told councilmen that many times in emergency cases he has to keep patients for 24 hours and some times longer for observation and understood that this classified his office as a hospital and was in conflict with zoning laws.

City Attorney Roy Colegate said that, in his opinion, such cases would be considered as emergencies and not in conflict but advised Dr. Lynn to consult the Planning Commission at its next meeting on Oct. 19.

Ernest La Fleur And Wife Return To Village Home

Mr. and Mrs. Ernest A. La Fleur have returned to their home at 131 Morongo avenue after an eventful summer spent in the north central part of the state on the Russian river.

While in the north Mr. La Fleur underwent a major operation at a hospital in Santa Rosa and spent some time there. Mrs. La Fleur had the misfortune to break a thumb while in the north. "Heather," the La Fleur's scotty, returned to the Village with them.

The sun has a diameter of 864,100 miles.

Chief Sanard Back At His Post as City Police Head

Chief of Police Lyle J. Sanard is back on the job. Officially he returned to the post he was forced to relinquish because of illness a few weeks ago, on October 1.

He was at his desk at police headquarters yesterday for a while and will be back full time Oct. 10. For the past few days he has been directing activities of the local force from his home.

The chief was stricken with pneumonia in the middle of the summer and after some time spent at the Community Hospital in Riverside, went to Solano Beach to recuperate, returning here two weeks ago.

In the Know With the USO

By Gail Sollender

The Saturday Night Shuffle on the USO tennis court was quite something last week with Sgt. Dale Ines Torney hospital dance orchestra, a bus load of girls from Inglewood added to the Village Junior Hostesses and the whole affair staged by Corporal Bill Willard of Torney's Special Services Department. Yep, we mean "staged" for that's the way Bill does things—smooth, well-timed and highlighted with surprises. Best surprise of the evening was the arrival of Victoria Faust and Mary O'Donnell. "Vicki," the beautiful strangled blonde of Lady of Burlesque, was very much alive as Bill interviewed her and she won all the men when she said "Bill, when is this interview going to end? I want to dance with these fellows!" Where upon Bill asked for ten men to step forward. They did. And with alacrity! Twenty girls were summoned next... and the dance began—a "Soldier's Dream"—two girls to every man.

Inside the Club, Bettie Cupuet and Hazel Shubin, Village Junior hostesses, served coffee, cakes and gallons of iced lemonade to the men who didn't dance, men who just wanted to daudle and talk.

Frances White, who comes all the way from Long Beach every Saturday to help pull USO through its busy weekend, took over the swimming pool, and overnight housing problems. USO needs more volunteers. Frances could use some helpers in her volunteer service; helpers who know the town as well as Frances does. Saturday is a three-ring circus for a volunteer but any circus is fun!

Corporal Willard has other surprises ready for the coming Saturday night. This week stunning brunette Mary O'Donnell, vocalist for Phil Spitalny, will sing and comedian Joe Dagata will crack a few. All in all it's lots of fun, and to our neighbors who hear the rumpus, but can't see the good time, the soldiers and the USO staff say "Come on over and join in. There's room on the court for more dancing feet. Soldiers get tired of uniforms; the sight of a civilian will certainly be a treat!"

Big news of the week is the return of Gail Sollender from New York, due as this goes to press. And what a quandy the men are in! Gail's return home means the departure of Kathleen Kelly. "Aw gee, can't we have them both?" wail the men.

The Russian leader, Joseph Stalin, was christened Joseph Vissarionovich Drugashvili.

AT THE PLAZA—Lucille Ball and Red Skelton in a scene from "DuBarry Was a Lady," a musical in technicolor, co-starring Gene Kelly, at the Plaza Theater October 13 to 16.

Complete Statement on Indian Land Tenure Situation as Presented Local Group by Assistant Attorney General

The complete statement of Norman Littell, assistant attorney general of the United States before the tribal meeting of the Agua Caliente band of Mission Indians here last Sunday on the tangled land tenure situation follows:

"It is now well known to all members of the tribe that there have been serious differences of opinion and considerable confusion of claims as to interests in the lands of the tribe at Palm Springs. Over a period of years there have been unsuccessful efforts to settle in a just manner the rights and privileges of individual members of the tribe, but these efforts have not as yet been successful although reviewed in the Courts of the United States and settled in three separate cases. I, and members of my legal staff have made an exhaustive study of the land holdings in the Reservation, and I think it would be helpful to your understanding if I reviewed briefly the history of this matter which has given rise to the present state of confusion.

RECITES HISTORY
"Your Reservation has been set aside to you by the Government commencing with the original area of approximately 3840 acres in 1896 when the reservation was established, increased in 1906, 1907, 1911 and 1923 until the tribe now owns a little more than forty-nine (49) sections embracing approximately 31,127 acres. With the rapid development of the Town of Palm Springs, Section 14 has become the most valuable section of all.

"While all of these lands were owned in common by the tribe and not by individual members of the tribe, grave difficulties arose early in the life of the reservation in that the stronger and more influential members of the tribe gradually came into possession and occupancy of a greater proportion of the reservation than was their due, particularly in Section 14, where most of your holdings are located.

SOLUTION SOUGHT
"In 1923 an effort was made to clarify the situation with respect to land holdings by suggesting an equitable allotment to each member of the tribe, then forty-nine (50) in number, and an allotment plan was made whereby each duly enrolled member of the tribe was to receive two (2) acres each in Section 14, which lies adjacent to the town of Palm Springs, five acres of agricultural land outside of Section 14 and forty acres of grazing land lying outside.

"Schedules of proposed divisions of land, called allotment schedules, were written up giving units of two acres, five acres and forty acres to each enrolled member of the tribe. A number of members, however, were dissatisfied and the Secretary of the Interior ordered a new division to be made in 1927, setting aside selections of tentative allotments for those members who wished to receive their individual portions of the land and reserving the balance as tribal lands. Neither of these divisions of the tribal lands were approved by the Secretary of the Interior and never became final.

LANDS TAKEN OVER
"In the meantime, however, many individual Indians acted upon the basis of these attempted allotments, took possession of the lands, and in many cases developed and improved them and there are instances in which some of the more powerful ones acquired holdings many times any proportion which might have been justly allotted to them as individuals.

"In the early days strong-arm methods were used to acquire tracts, particularly in Section 14. The results of these methods endure today.

"As a result of these factors we arrive at a state today in which there are gross and obvious inequalities in the usage of lands and in the distribution of income from those lands.

"The Agreement by a resolution dated December, 1939, I will not endeavor to discuss further the attempted assignment of 1939; this was just one more chapter in the Government's effort to reach a solution as to the use or division of lands which would be acceptable to the Indians.

TODAY'S SITUATION

"In showing you the facts as we find them to exist today, I must emphasize what most of you know, that the United States Government in issuing a patent for your reservation lands, reserved the fee simple title in trust for the benefit and use of the tribe. This trust for the whole tribe and no individual members of the tribe can secure valid interests in the land without the approval of the United States.

"Nevertheless, great inequalities have grown up as a result of the failure to arrive at voluntary agreements regarding the use of lands. Out of sixty-one members of the tribe, twenty-one occupy tribal lands which they themselves lease or sub-let to others, receiving all income therefrom as if the lands were their own personal possessions. The estimated rental, including rental for improvements on these lands, amounts to \$164,400.00 a year, whereas the only rental charges received through the Indian Agency office to which all tribal income should go, amounts to approximately \$13,300.00 a year. There are over 266 occupants or tenants of tribal lands who pay no rental whatsoever to the tribe. There are only 88 tenants actually paying ground rent to the tribe at this time, in the above amount of about \$13,300.00.

CITES LARGE SUMS

"One occupant who occupies or leases many tracts of tribal land has an estimated income of \$25,000.00 a year without paying ground rental to the tribe. Another has an estimated income in rentals of \$32,000.00, another \$26,000.00, another \$24,000.00—all without paying ground rental to the tribe. In contrast to these and others receiving substantial incomes, there are members of the tribe who get no income whatever from the tribal rents, except for the per capita allowance of \$150.00 per year which all tribal members receive including the large income group.

"Certain holders of large interests have endeavored to perfect title in themselves claiming that the attempted allotments of 1923 and 1927 were valid and enforceable allotments. In the case of the U. S. vs. St. Marie, decided in July 1938 and in the case of the U. S. vs. Lee Arenas, the present occupant of one of the largest holdings on the reservation, decided on June 30, 1943, the United States District Court judges and the judges of the United States Circuit Court of Appeals for the Ninth Circuit clearly and consistently held that the allotments of 1923 and 1927 were never effective and no individual rights were created. As recently as last week, on September 20, 1943, in the case of the U. S. vs. Amelia Courtmanche, the District Court again held that no one could acquire a valid lease of tribal lands without the approval of the Tribal Committee and the Superintendent representing the Office of Indian Affairs. It is settled beyond all shadow of a doubt that the lands are tribal lands, that no individual can acquire valid title and that no lease or other agreement by which any individual undertakes to give the right of possession to any tribal land has any force, effect or validity.

START LEGAL ACTION

"Under the circumstances it is quite impossible for the Government, as trustee for the tribe, to tolerate a situation so filled with patent inequities. Experience has shown that it is impossible to correct the situation by voluntary agreement. It is therefore incumbent upon us to act and to do so immediately. We have

PALM SPRINGS, CALIF.

19 Arrests Made By Village Police in October, Report

According to report filed with city council this week by Acting Chief of Police Ray Wilson, 19 arrests were made by the department in October, all misdemeanor cases.

Drunks topped the list with 11 being jailed on that charge. There were two vagrancy cases, two disturbing the peace cases, two bench warrants, one Federal Bureau of Investigation case, one violation of the law prohibiting liquor on the Indian reservation. Twenty-two complaints were investigated during the month involving nine prowlers, two missing juveniles, one missing adult, and three reports of people being bitten by dogs.

Twelve petty theft cases and one grand theft case kept police busy and there were four investigations for the FBI. Twelve drivers were issued traffic citations and there were two traffic accidents. There were also two ambulance calls.

In the list of 11 drunks, one was a woman. Fourteen soldiers were held for disposition of their cases by military authorities.

Many Reservations Foretell Big Year At Ingleside Inn

Ingleside Inn, one of the Village's noted hotels, opened for the new season last weekend and, with many reservations already made, looks for another busy winter.

Mrs. Ruth Hardy, owner, has just returned from a visit with relatives in Indiana.

Preparatory to its opening last week-end, workmen did a complete job of redecorating and re-finishing the popular Inn.

Roy W. Colgate Re-Opens Office For Another Season

Roy Colgate, city attorney for Palm Springs and a member of the prominent law firm, Sarau and Thompson of Riverside, has re-opened his office here for the new season. During the summer months, outside of a day or two a week here, he was in the firm's main offices at the county seat.

Miss Ann Curry is back as secretary in Attorney Colgate's office.

Raymond E. Sorum To Go To Sub School

Raymond E. Sorum, son of Mr. and Mrs. Raymond M. Sorum, is in the Village on a week's furlough before transferring to the Submarine School at San Diego.

Young Sorum will report for his new duties October 9.

In the meantime he is enjoying a visit with his parents and family and with old friends here.

come to tell you what that action will be.

"The only possible method of remedying the situation which I have described is to bring legal proceedings to confirm the title of all lands in the tribe, to seek damages for failure to pay ground rental to the tribe in the past and to evict those wrongfully in possession of tribal lands.

"Complaints to accomplish these ends have already been prepared and will be immediately filed. It is not, however, the object of the Government to cause any undue hardship to any individual and opportunity will be given any person, desiring to do so, to make equitable arrangements through the Indian office, by which the rights of the Government and of the tribe shall be recognized without hardship to the individual. It is fully appreciated that improvements have been made to many properties in expectation of the approval of the proposed allotments. Present occupants who apply for permits to continue the use of Indian lands on payment of proper ground rental as tribal funds through the Indian Agency, will be given fair and equitable consideration and if proper agreements are reached with the Indian Agency, such parties will be dismissed from the law suits.

In the case of any individuals who do not recognize the tribal ownership of land, by applying in this manner for rental permits, it will be necessary for the Government to proceed and press the case to final judgment.

Bond Drive...

(Continued from Page One)

board buying \$25,000 worth of bonds. A notable contribution to the success of the campaign was the stand taken by employees of the California Electric Power company which chunked in 48.3 per cent of their month's salaries—almost one-half—to buy bonds. The Palm Springs Water company also aided materially.

Chairman Hicks was highly pleased by the efficiency with which the committee operated.

THOSE WHO WORKED

Chairmen of the sub-committees handling the drive were: Retail division—Gordon Feekings.

Residential division—John Chaffey.

Parade chairman—Lt. Col. E. T. Thompson, Torney General Hospital; Lt. Joseph W. Caraway, air base.

Dance chairman—Dr. Frank Purcell, Lt. Maurice Conn, air base.

Bond information—Fred Ingram, Bank of America.

Booth chairman—Eugene Theriault.

Publicity—Sgt. George Goodale, air base.

Committee at large—Francis Crocker, Carl G. Lykken.

Bond Officer at Torney—Capt. Donald Randall.

Bond Officer at Air Base—Lt. Bernard N. Lake.

Gordon Feekings, chairman of the retail district committee, was enthusiastic over the work of his group. Johnny DeVine and Kenny DuBose each sold about \$60,000 worth of bonds. Stanley Rosin and Joe Felix also came in for special praise for their work.

Members of Feekings committee who did a great job during the drive were DuBose, Felix, Merrill Crockett, Joe Butler, Larry Schultz, Carl Lykken, Bill Hilary, Johnny DeVine, Earl Hough, Al Weingarten, Harris Posey and Anne Portnoy.

On Chaffey's residential committee were Muriel Fulton, Billy Wright, Raymond Cree, John Williams, Dick Outcalt, Jack Gorman, Francis Crocker and Stanley Rosin.

Heeflies lay their eggs on the legs and bellies of cattle; the tiny grubs hatch, burrow through the hide, migrate, and come out later as large grubs; they damage the meat and hides and reduce milk production.

Annual Report of Treasurer Filed

Annual report of the city treasurer, John Sprague, was filed with city council this week.

The report shows income of \$129,722.85 and expenditures of \$125,239.68. Balance at the end of the fiscal year, June 30, 1943, was reported as \$67,225.99.

\$10,500

Red Cross Board Discusses Program For Coming Season

Directors of the Palm Springs branch, Riverside county Red Cross chapter, met yesterday at Red Cross headquarters here to fill four vacant committee chairmanship posts, discuss plans for the season and hear reports.

Chairman Philip Boyd announced that Mrs. Montgomery Blair, Jr., had been appointed chairman of the Voluntary Social service committee; Gordon Feekings and Kenneth DuBose, co-chairmen of the Camp and Hospital committee; Mrs. Frank Cutler, chairman of the Home Service committee; and Mrs. Jean Fulford Nagel, chairman of the Junior Red Cross.

Reports from the production committee were also heard. In September 108 items were made in the production room, 48 slippers for Torney patients, 3515 surgical dressings for Torney hospital, 2585 surgical dressings for the 21st Ferrying Group headquarters, and 12 curtains for the 21st.

Mrs. Armand Turonnet, chairman of the production committee, said that during October, the production room would remain on the summer schedule, open Mondays and Fridays from 10 to 5 and that on Nov. 1, the regular winter schedule of five days a week, Monday through Friday, would prevail with the same hours, 10 a. m. to 5 p. m.

Mr. Boyd also announced that

Henry Kusel, Chef At Coffee Shop, Suddenly Stricken

Henry Kusel, chef at the Village Coffee shop, succumbed suddenly Tuesday after he had collapsed on Palm Canyon drive after strenuous efforts to save his life failed.

Mr. Kusel had been with the Coffee Shop since the start of the season, coming here from Lake Arrowhead Lodge where he had worked during the summer.

He was recently married to Amelia Cuculich, also an employee of the Coffee shop.

Graveside services were held this afternoon and interment was in the Desert Inn plot at the cemetery.

Public Dance Hall Application Denied

City council Wednesday night denied the application of Sol Addy for a permit to operate a public dance in the westerly portion of the Plaza Garage building on Arenas road following report of the public safety committee.

The commission inspected the premises and found inadequate exits and other hazards and recommended that the permit be denied.

Extensive magnesium rock deposits, discovered recently north of Lima, Peru, may be mined and processed with electricity from the new hydroelectric plan under construction by Peru in the Canyon del Pato.

An evening meeting of the Red Cross branch would be held at Frances Stevens school Oct. 29 where an interesting program explaining the nature of Red Cross work here would be presented to the public.

Muriel Fulton Back After Two-Week Vacation Journey

Muriel E. Fulton, well known local realtor, returned this week from San Francisco where she went recently on a two-week vacation after having remained on the job here all summer.

"But when I got there I found that the usual cool weather had vanished and San Francisco was experiencing record high temperatures. It didn't bother me as much as it did the natives," she said.

After coming south to Santa Barbara in search of cooler weather, Miss Fulton returned to Palm Springs and is again at her office here.

Dies Following Brief Illness

Paul Manquat, age 77 years, died Sunday in Palm Springs following a brief illness. He was well known in Palm Springs, having many friends here.

Funeral arrangements will not be made until after word is received from a son, Major Edward Manquat, who is some where in the Pacific war zone. Wife and son of Banning are in charge.

Buys Bungalow Court at Resort

The attractive La Mesa bungalow court at 1508 North Palm Canyon drive, Palm Springs, has been purchased by Mr. and Mrs. L. L. Sherwood of Banning as an investment. They plan to continue to live in Banning.

Sherwood, who is a manufacturer of leather goods with his factory and offices in Los Angeles, moved to Banning about two years ago from Los Angeles. He and his wife purchased a home at the corner of San Geronio and Williams streets and he has since conducted his business by making regular trips to the city.

Mountain Fire Now Under Control

The fire, started on the steep slopes of the mountains north of Banning by lightning on the night of September 24, is still burning and will probably continue to smoulder until the rains come, according to U. S. Forestry officials. It is burning at an elevation of about 8000 feet but is now completely under control and is being watched by four men with a radio.

The fire is burning in the bottom of a canyon where dead logs have rolled and piled up through the years. For a time the Banning water shed was threatened and 75 men were dispatched to fight the blaze.

Semi-Prohibition Here Now; Liquor Store Open 4 Days

Maybe we haven't prohibition—but we seem to have half-prohibition.

This was indicated this week when Gordon Youngs announced that his popular Amado Liquor store would be closed three days each week because of the dearth of supplies.

The store will be closed Sundays, Monday and Tuesdays hereafter.

Holland Head...

(Continued From Page One)
budgets were only now being drawn.

A. E. BAILEY AIDS

Mr. Holland has obtained the services of Arthur E. Bailey, former city manager, as his chief aide in the campaign and the two of them, with Mayor F. V. Shannon, were busy this weekend setting up headquarters at 311 South Palm Canyon drive. Office hours will be 8 a. m. to noon and 1 p. m. to 5. A telephone has been installed and activities begun. The drive will begin here on or shortly after Oct. 18 and continue until Nov. 30.

Mr. Bailey today said that volunteers will be needed for the task and urged all desiring to help in the work to telephone 5033 or call at the headquarters.

Mr. Holland, who until his retirement a few years ago was associated with the J. C. Penney company in official capacity, has been spending his winters here for many years. He spent the entire summer here this year.

Shipment of Chinese Robes Received Here

Bernyce Harvey, owner and operator of The Globe Trotter's Chest in The Plaza, said today that she had just received a shipment of genuine Chinese robes, from Shanghai.

They were the last robes shipped from that city before it fell.

BRUSH FIRE SUBDUED

Approximately two acres of sage and light brush were burned over in a fire Monday near the Palm Springs Southern Pacific depot. The flames were subdued by the Beaumont crew of the state forestry department.

Sunday School at Episcopal Church Growing Rapidly

Five classes are now in full operation at the Sunday school at St. Paul's-in-the-Desert Episcopal church and new pupils last Sunday almost doubled the attendance of the opening day. Mrs. Emil Wagner was present and led in the singing of the hymns.

The Rev. Robert M. Hogarth, vicar, talked briefly on "Playing a Man's Game."

Fifteen were present at the first Sunday session of the Young People's Fellowship, with more expected at this Sunday's meeting. Speakers are planned for free and frank discussions of the topic of the day. Next Sunday the Vicar will speak on "Youth in Wartime."

Executive Board of Church to Meet

Executive board of the Community church will meet next Tuesday at 7:30 p. m., Dr. J. R. Macartney, pastor of the church, announced yesterday.

Plans for the season will be discussed.

Hamiltons Return From Lake Tahoe

Mr. and Mrs. M. G. Hamilton have returned to their home at 350 Mel avenue, after a summer spent at Lake Tahoe and say they are glad to be back for the season. Their son who is in the U. S. Navy and who was promoted in August, was with them for a while.

Mr. Hamilton reports good fishing at Lake Tahoe.

Lions to Remember Members in Service

Lloyd Simon was appointed by President Culver Nichols of the Palm Springs Lions club as chairman of a committee to see that Christmas remembrances were sent all Lions who are now in the service of their country.

Mail for soldier and sailor Lions who are overseas will go out this next week.

CHRISTIAN SCIENCE CHURCHES
"I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord." This quotation from Jeremiah will be the Golden Text in the Sunday Lesson Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The question "Are Sin, Disease, and Death Real?" will be the subject.

Jesus, according to a Lesson-Sermon account from Matthew's Gospel, taught in the synagogue and healed "all manner of disease among the people. And his fame went throughout all Syria: and they brought unto him all sick people that were taken with divers diseases and torments, and those which were possessed with devils, and those which were lunatick, and those that had the palsy; and he healed them." "And when Jesus was come into Peter's house, he saw his wife's mother laid, and sick of a fever. And he touched her hand, and the fever left her: and she arose, and ministered unto them."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy says: "If God causes man to be sick, sickness must be good, and its opposite, health, must be evil, for all that He makes is good and will stand forever." "To the Christian Science healer, sickness is a dream from which the patient needs to be awakened."

Miss Marian Williams Begins Second Year

Marian Williams, daughter of Mr. and Mrs. John W. Williams, 610 Via Monte Vista, is attending classes as Pomona College, having enrolled for the fall term. A sophomore student, Miss Williams is beginning her second year at Pomona. She was graduated from Palm Springs high school in 1942.

Mrs. Mary Dixon, Mrs. Marie O'Brien and Earl Snyder were visitors in Palm Springs last weekend, guests of Dr. I. W. Lynn.

Sun spots range from 500 to 50,000 miles in diameter.

Two Year Watch...

(Continued From Page One)
upon our enemies, and we must at once bring to bear every ounce of offensive power of which this nation is capable.

ASSUMING RISK

"The War Department is assuming the calculated risk that the small-scale air attack of which the enemy is now strategically capable may meet with some measure of success. This course is justified because manpower and facilities are thereby released that will contribute directly or indirectly to offensive action—manpower and facilities that may bring the war's end months closer.

"Ever since Pearl Harbor, the volunteers of the aircraft warning service have done a magnificent job in the finest tradition of the Army Air Forces, and that job is by no means finished. The War Department proposes that the Army Air Forces shall maintain the Ground Observer Corps and the Aircraft Warning Corps as trained organizations which can be fully alerted in the event of imminent attack. Meanwhile, the part-time operation of observation posts and filter centers will release additional military personnel, ease the burden on vital communications facilities, and permit hundreds of thousands of members of the Corps to undertake other important wartime responsibilities in addition to their duties as members of the aircraft warning service.

EXPRESSES THANKS

"I want to express my personal appreciation to all of you for the work you are doing and my conviction that the Army Air Forces can count on you to carry out your duties under the new plan of operation directed by the War Department with the same devotion you have demonstrated in the past. You have helped us to take the offensive. Now let us get on with this war and get it over with."

H. H. ARNOLD,
Com. Gen., Army Air Forces
Brig. Gen. Morris' letter to aircraft spotters follows:

"It is my desire that each member of the IV Fighter Command's Aircraft Warning Service read the inclosed letter from General Arnold. This letter announces the War Department's policy that the Army Air Forces shall continue to maintain the trained organizations of the Ground Observer Corps and Aircraft Warning Corps on a constant alert. This new plan becomes effective at 1800 o'clock, 16 October 1943.

EFFORTS APPRECIATED

"You, and the thousands of observers and information and filter center volunteers, have made a direct contribution toward an improvised military situation in the Pacific. Now you have earned the right to share the resulting benefits. This does not mean that the Aircraft Warning Service is being abandoned; on the contrary, it is of utmost importance that observation posts and filter centers stand by, ready to resume operation whenever necessary.

"From time to time observation posts and filter centers will be placed in operation in order that this Command may be assured that the Aircraft Warning Service can be depended upon when full time operation becomes necessary. I know that each volunteer will carry on this newly assigned task with the loyalty, enthusiasm and efficiency demonstrated during the many long months of war.

TO SHARE GAINS

It will continue to be the res-

Convocation Will Meet at Village Church on Nov. 10

St. Paul's-in-the-Desert Episcopal church will be host Nov. 10 to the Convocation of San Bernardino, the Rev. Robert M. Hogarth, vicar, said this week.

The Bishop, clergy and lay delegates from Riverside and San Bernardino county will attend. The meeting will be an all-day session.

Mrs. Levering Moore of Palm Springs will be chairman of the women's section of the Convocation which will meet separately at 11 a. m.

The Rt. Rev. James Moss Stoner, D. D., Bishop of New Mexico, will be the speaker for the occasion.

Three Choirs Are Formed at Church

Three choirs have been organized at the Community Church by Mrs. Holly Lash Visel, she said this week.

The Junior singers rehearse each Tuesday and Thursday at 3:30 p. m. Two other choirs meet on Wednesday at 7 p. m. and on Thursday at 7:45 p. m.

Lippman Suggests Ration Boards Act To Remedy Tangle

William A. Lippman, chairman of the local war price and rationing board, whose open letter to other ration boards, OPA officials and Washington officials, protesting red tape and confusion in rationing regulations, recently caused a stir, this week again addressed ration boards with a suggestion that they get together and seek a remedy.

The unanimous approval given his first letter by chairmen of other boards prompted him to recommend concerted action.

Mr. Lippman's second letter declared that the unanimity with which board officials throughout the nation applauded his statement, convinced him that something could be done to clarify the situation by the boards themselves.

In his original letter, Mr. Lippman charged that red tape, official bungling, and confusing the conflicting directives were hampering the rationing program, causing needless work for ration board members and irritating the public.

Gas consumption in your automobile at 60 miles per hour is almost double what it is at 30.

possibility of this Command to share with you the benefits of any further improvements in the military situation as they occur in the future."

EDWARD M. MORRIS, Brig. Gen. Chief Observer Evitts said that despite the change-over, she is still in need of volunteers to help man the post between now and October 16.

PALM SPRINGS, CALIF.

The Desert Sun—7

\$200 Fine...

(Continued From Page One)
vided the defendant paid damages to clothing and physical assets at the ration board office. Damages in the case are expected to approximate \$75.

Two soldiers and some of the board members, whose clothing was ink-spattered filed the damage claims.

RECORDS SPOILED

Besides the damage to clothing, many records and papers were blotted. Ink on the floors and walls was included in the city's claim for damages.

At the time of the ink-throwing episode, Mrs. Boucher said that overwrought nerves caused by long hours on duty at her profession as a nurse and worry over loss of ration books was the cause for her hysterical outburst. She also said at that time that she would see that all damages were paid.

Desert Produce Co. Ready for Start Of Another Season

Angelo Potenza, owner and operator of the Desert Produce company, announced today that the firm would open for wholesale business tomorrow and for retail trade on Saturday, October 16.

The Produce company will be open every day including Sunday and will specialize in fresh fruits and vegetables of the best quality.

Swing Band Will Be Organized at Palm Springs High

Soon students of P. S. U. H. S. may hear "sweet and hot" music issuing from the auditorium.

Preparations are being made for the organization of a swing band under the direction of Miss Peggy Clarke.

"We have been trying to get a swing band for some time," Miss Clarke said, "and it now looks as if we have the right instruments and sufficient interest."

"I am anticipating hard work and good music," commented Miss Clarke, "and I believe I shall get both."

Enrollment Going Up Steadily at P. S. High School

From the registration of 128 students, reported on the first day of school this year, September 13, the enrollment of Palm Springs Union High School has jumped to 163. This is the figure reported from the school office as of October 5, actual attendance on that date given as 160.

The senior class now numbers 37. With additional seniors expected to register before the enrollment peak is reached sometime in January, the Class of '44 promises to match the Class of '43 or pass it in size. Last year the high school graduated 39 seniors.

Service Club at High School Names Officers for Year

The Service Club of Palm Springs Union High School held its first meeting Friday, October 1, under the direction of Mrs. Kleeb.

Colin Bragg was elected Commissioner of Interior for the school year 1943-44. Dick Moseley was elected vice-president.

Dick Moseley said today in his talk to members, "The duties of the Service Club are to help fix the auditorium for assemblies, to help Coach Glover at all home football games, and to be of service to the school in general."

Other members of the organization are Bob Fern, John Ward, Joe Sandeffer, Bob Hoover, Bill Carey and Harold Emigh.

Alumni Visit Old Stamping Grounds On Busy Week-End

BY TRUDY SAWYER

As I looked around last week I noticed several of our "ole" school chums. I'm not sure, but it may have been the Tennis Club Party that brought them back.

Patsy King returned from Banning to join in the fun. Patsy has been a member of "our gang" for several years.

Bob (Pudgy) Pugh arrived Friday just in time to join in the fun. Pudgy left last March to attend school in Redlands, but is back with us this year.

Marine Pfc. Sid Sanard returned for a few days from Camp Matthews, San Diego, Calif. to see his old friends. Sid joined the Marines on March 4, 1943.

Caroline Gould reported back for the Tennis Club Party from Banning where she recently moved.

Dick McGonagle is back. Since graduating in 1942 he has attended Redlands University and the University of Missouri. Welcome home, Dick!

Yes, that was Aviation Cadet Herb Lienau you saw on the campus Friday. Herb is now in training at Fort MacArthur, Calif.

We are always proud when we see our boys return in uniform. We feel as though we are more than just a high school. Each hour we spend in school is helping the war effort as much as the hours spent in a defense factory or in combat.

Inquiring Reporter

By JOHN HOBSON

Question: What do you think about girls bringing soldiers to school dances?

Bob Lienau: More power to the soldiers.

Martha McCarn: Fine idea. Bob Hoover: I think it's horrible, unless they know them real well.

Barbara Knowles: O. K. I guess. But I wouldn't do it myself. Warner Moore: It's O. K. with me. It's a problem for the girls, anyhow.

Helen Williams: I think it's perfectly all right. Why bar soldiers from the dances if they behave themselves?

Gil Smith: Anything to keep up the boys' morale, but I think high school is for the kids and not the Army.

Babs Neel: It's o. m. if the girls like them, but the soldiers should know their place.

Smitty: It's all right except to formal dances.

Donna Crockett: I think it's swell if the girls bring soldiers. Joe Sandeffer: I think the service men should be allowed to attend our high school dances, if they are willing to leave their smoking and drinking at Camp or up town.

Jerry Shill, formerly Bank of America chief clerk, and Mrs. Shill were in the Village last week on a brief visit. The former local banker is now a first sergeant at McClelland Field, Sacramento.

Pay Telephone Bills before the 30th and receive your discount.

Palm Springs High School Smoke Signal

Tennis Club Party For High School Is Great Success

BY CECEILE MORRIS

The sixth annual Tennis Club Party given by the Senior class at the Tennis Club last Friday, October 1, to welcome freshmen and other new students and greet all those returning to school this year was rated as one of the most successful ever held.

Activities began at 8:00 with dancing in the main club room, music being provided by the 21st Ferrying Command orchestra, directed by Pfc. William Thurman.

Swimming had been scheduled to begin at 6:00. The club, however, was unable to repair a defective water pump and swimming was cancelled.

150 ATTEND

The 150 students, alumni and faculty members of the high school who attended the party were served punch and cookies in the alcove off the main club room throughout the evening.

The evening highlights were a welcome given by Gil Smith, president of the Associated Student Body; a short talk by Dr. E. E. Oertel, principal of the high school; and piano solos, "Begin the Beguine," "I've Got You Under My Skin," and "Flight of the Bumble Bee," played by Leonard Pennario.

A great contrast was noted in dresses worn by dancers. Outstanding costumes were worn by: Doris Girod, who appeared in a navy blue skirt and original white peasant blouse; Joanne Hookey, who came with Bob Hoover, in navy blue with navy blue and white checked trimming; Jo King in a pale yellow skirt and purple sweater.

ALUMNI PRESENT

Many alumni and students who attended P. S. H. S. last year were seen during the evening. Some of these were: Dick McGonagle, class of '42; Van Linkletter, class of '43; Doris Neel, class of '43; Don Omlin who attended P. S. H. S. last year, and is now attending Loyola high school; Bob Pugh, who attended P. S. H. S. last year; Phin Prouty, who left school in '40 to join the Navy; and Bob Satterlee from Los Angeles, who's been seen around town quite a lot lately.

The orchestra which played from 8:00 to 11:30 has been proclaimed the best orchestra ever heard by the student body. They played many request numbers throughout the evening. The favorite of these was "Pistol Packin' Mama." Many of the students joined in singing with the orchestra.

FAVORITE NUMBERS

Other favorites were: "Star Dust"; the orchestra's own arrangement of "Swanee River," "Southern Fried." Don't Get Around Much Any More, "Little Brown Jug," and "You'll Never Know."

Faculty chaperons for the evening were: Miss Margaret Brown and Mr. Henry Greeley. Other members of the faculty and their families who attended were: Dr. Oertel, Coach and Mrs. Wood Glover, Miss Julia Webber, Captain and Mrs. A. A. Kleeb, Mr. Max Vaucher and Mr. and Mrs. George Bell.

The entertainment committee deserves a great deal of credit for the way the party turned out. Barbara Knowles was chairman of the committee, with Martha McCarn, Helen Louise Williams, Donna Crockett, Gil Smith, Bill Foster, Nick Mutascio and Charles Veith as assistants.

There were no admission charges as it was an all-school party. Expenses were taken from the Associated Student Body Treasury.

Former Teacher in Village Schools Weds Pasadena

Announcement was received by friends here last week of the marriage of Kathryn Amsbaugh, formerly of the Desert District schools teaching staff, to Elbridge S. Rector, at Pasadena.

Mrs. Rector, daughter of Mrs. Kathryn M. Allen of Pasadena, was on the faculty of the Frances S. Stevens school and has many friends in the Village.

While serving in the Navy, all business dictated to my account is credited to me.

New Make-up System Is Put in Effect At P. S. H. S. and Is Strictly Enforced

Any attempts on the part of the students to escape the daily make-up period at P. S. H. S. this year, if they have such obligations to liquidate, will be next to impossible. A new system for checking up on absentees has been inaugurated, and already it is proving to be ironclad.

The make-up class is held during 8th period from 3:05 to 3:30. The purpose of this class is to allow students opportunities to make up class time lost without good excuse in an environment conducive to good study.

The office issues one make-up period for each unexcused tardiness and for each period of unexcused absence. Failure to attend 8th period on a given day results in a penalty of one additional make-up period.

If a student has six or more make-ups, he must attend 8th period regularly and no excuses will be accepted. Penalties can be effaced before school, during lunch hour, or after school. If time is not made up each day by a student having 6 or more "make-ups" charged against him, he is liable to suspension.

Make-up classes so far, have been small. This new system reduces the total of make-up periods, thereby preventing students from having a large number of penalties at the close of a marking period.

Coach Wood Glover supervises the "eighth period" class. He also checks on any delinquencies during the first period of each day. When asked today how students were responding to the new requirements, he said, "Students have been very cooperative. They seem to understand how the system is to be administered, and are making commendable efforts to help in the reduction of unnecessary absence and tardiness."

GAZZOZIT

By BARBARA EMIGH

This is your Gazzozit reporter back after a hectic week-end. From the grandstand seats the line-up looks like this:

The Tennis Club party was a tonight kick-off of the social events for the season. There was a lot of good old school spirit shown with the swell turn out.

Bob L. and Trudy S. are carrying the ball toward the goal line. There was an incomplete pass thrown between John O. and Jo K. (maybe somebody is running interference, huh, John?) Donna R. could be penalized for being off side Sat. night, or did you know, Gil? It seems that Henry made a touchdown with Julie, (he must be the local ice man.) Bob Hoover is playing the field since being disqualified by Inman. He made 50 yards with Hokey and is still running. Wonder who is going to make the tackle? At the half we find Sallie L. and Jones on the bench both Friday and Saturday, (Team work.)

Emigh's open house proved successful with about 70 kids turning out. In the last quarter the stag men came out of the huddle, Fern, J. B. and Eric really broke loose. Ask Zeke about the delicious lemonade he made (?) Pudgy was running a one man interference, even if he didn't know it. A certain Junior girl made a few fake passes—what a game!

Some of the kids got some pretty clever letters from Chicago. They were worried at first but later found out that they were from Skip.

This is your Gazzozit reporter signing off, hoping we have some real football spirit this year.

Cruncletons Back From Costa Mesa

Mr. and Mrs. Charles E. Cruncleton have returned to their home, 180 Prescott drive, after a summer spent at Costa Mesa.

Their son, Lieut. C. E. Cruncleton, Jr., and his bride of a few weeks, returned with them. The officer, recently decorated by the army for his service in the South Pacific war theater, is on a 30-day furlough.

Noted Commentator Will Speak Before Villagers Oct. 28

Dr. Adamantious Th. Polyzoides, noted columnist and radio news analyst, will appear as the third speaker in a free public forum series of meetings starting October 14. The date for Dr. Polyzoides' appearance here is October 28. His subject, The Mediterranean Area, is an important unit in the general theme for the meetings which is, Critical Centers in a Warring World.

Dr. Polyzoides is one of the best known and most popular lecturers on the Pacific Coast on international relations and journalism. He has a most extensive background fitting him ideally for his role as interpreter of current world affairs.

Dr. Polyzoides is in the staff of the University of Southern California. In addition to his faculty duties, he is a staff writer for the Los Angeles Times. He is managing editor of the quarterly magazine "World Affairs Interpreter," and a member of many learned societies. His radio experience includes a record of more than 500 Pacific Coast network commentaries on world affairs.

First speaker on the first forum series is Lal Chand Mehra, scheduled to be here October 14. His subject will be India. He will address military personnel at Torrey General Hospital at 3:30 in the afternoon and a public forum meeting at 7:30 in the evening in the auditorium of the Frances Stevens school.

All forum meetings are sponsored through the adult education department of the Palm Springs Union High School.

Evening Courses For Adults Will Start October 18

In response to requests from military personnel and civilians in this area, Palm Springs Union High School will offer special evening classes for adults starting Monday evening, October 18. Classes will run for one hour each from 7:00 until 9:00 on Mondays and Wednesdays.

A class in typing will start without preliminary registration on the 18th. Other classes will be organized on that date provided an enrollment of at least 15 students can be secured for each separate class group. According to school authorities, evening classes may be organized with facilities available in commercial subjects, mathematics, Spanish, French, physical science, English and physical education.

Adults interested in enrolling in any of these courses should report to the school office Monday evening, October 18.

Mr. and Mrs. R. Earl Tollison returned last week to the Village after a summer spent at Lake Arrowhead. Both are again back on the job at H. E. Patterson's Palm Springs Drug company.

Blue, Gold Stickers For State Autoists

Blue and gold translucent stickers, bearing the state seal and a serial number, will decorate the windshields of California automobiles in 1944, it was revealed this week as a contract was awarded for making 1,750,000 of the stickers. They will be 2½ by 3½ inches. The serial number will not correspond with the license plate number. State officials hoped that the steel plates will be back by 1945.

Schedules For Your Convenience

MAIL SCHEDULE

Post office at 174 North Palm Canyon Drive. R. M. Gorham, postmaster.

Eastbound mail closes on weekdays at 11 a. m. and 7 p. m. Westbound mail on week-days at 2:30 p. m. and 7 p. m.

Don't Lose Book 3 Or You Won't Get No. 4, Warning

Watch out for your book 3. Under new regulations issued by the Office of Price Administration, it will be necessary for each person applying for the new War Ration Book No. 4 to present Book No. 3 when application is made at the registration site.

Paul d'Orr, district ration chief, said that Book 4 will be issued in the district in which Palm Springs is located, at elementary schools from October 20 through October 28.
A notation will be made on Book 3 that Book 4 has been issued, thus avoiding duplication, d'Orr said.

Rationing Rules

Your Coupon Schedule

Sugar—Stamp No. 14 good for five pounds to Oct. 31.

Shoes — Stamp No. 18 in War Book 1 good for one pair of shoes. No expiration date set.

"DAYLIGHT ON SATURDAY"

By J. B. Priestley

Here is a great novel of England in wartime, Priestley's finest since "Angel Pavement." Its hero is a huge camouflaged aircraft factory "somewhere in England." Its story is that of a score of lives—the lives of people drawn from civilian life by circumstances into an unearthly subterranean world; people swallowed up at daybreak and poured forth at dusk every day, six days a week.

These men and women have their own stories that roll out with the planes in the glare of mercury-vapor lights. There is a kind of lunacy about the place. Machinery dins and sparks spout from its intricacies, canned music—hot or sweet—screams above the machines and always there are voices, Loves, lives and ambitions enmesh and clash.

This new Priestley novel is the passionate, colorful and tremendously interesting story of England's little people upon whom this war depends so heavily, whose morale rises and falls with the war news blaring from the loudspeakers, who pour out of the factory at dusk on the sixth day with the one thought in their minds—"tomorrow is Saturday." Priestley shows them as they appear to one another, and as they really are. A vast organization comes alive and the reader shares its hopes and fears.

Sally's Do-Nut shop, operated by Sally Gibson at 314 North Palm Canyon drive, has been completely renovated this week.

MARGARET ANDERSON, Owner and Operator

Air Base Bus Line Stop Zone Petition Granted by Board

Petition of the 21st Ferrying Group transportation office for bus stops on Palm Canyon drive was granted with a few slight changes Wednesday night when city council heard the report of the public safety commission to which the plea had been referred. Councilman Theriaue, head of the commission, reported the designated places had been visited and a few slight changes made to conserve as much parking space as possible.

It was decided that design for proposed bus stop signs be submitted to Ray Sorum, director of public works, for approval before being installed.

Favorable action was also taken on the Citizens Bus line application for two bus loading zones. Curbs will be painted red in the bus stop zones.

Sorum Is Authorized To Attend Sessions

Ray Sorum, director of public works, was authorized by city council Wednesday night to attend the California League of Municipalities convention to be held at Sacramento October 19 to 21.

Mr. Sorum says he plans to attend, if possible.

Insurance Contract Let for City Cars

City council acted Wednesday night to renew insurance on the city's fleet of motor vehicles when it accepted the \$590.88 bid of the General Casualty company, lowest of two submitted.

Alvin Weingarten is local representative of the General Insurance company here.

City to Advertise Garbage for Sale

On motion of Councilman Eugene R. Theriaue, city council Wednesday night adopted a recommendation of Ray Sorum, public works director, to advertise for bids for sale of the city's garbage.

The action followed a proposal from J. J. Roberts to purchase the waste. Sorum suggested that bids be asked so that the best price possible be obtained.

To save your engine when starting, depress the clutch pedal, step on the starter, then allow engine to warm up at idling speed for a few minutes before you start.

What You Buy With WAR BONDS

Sick Bay

In this war our wounded fighting men have a greater chance for recovery than in any previous conflict because of the medical aids and services that have been developed by the War and Navy Departments.

One of these aids is the Hospital Transport Plane service that has been bringing our wounded back from Africa.

Your increased and continued purchase of War Bonds is required to help the Treasury Department finance this hospital transport service. "Back the attack with War Bonds."

Twelve Turn Out To Try for Hoop Quintet at Torney

Twelve aspirants for Torney General Hospital's basketball team turned out for the initial practice of the season Tuesday night with Cpl. John Leslie in charge of the drills.

Through the courtesy of the air base, the squad is practicing on the new gym floor there.

Cpl. Leslie said that the candidates for the team were an aggressive bunch and that TGH will put a fighting five on the floor. Practice sessions are held each Tuesday evening.

A military league composed of quintets from various military installations around the Village will be organized soon.

Torney Enlisted Men Start Rolling In New Alley Loop

With much creaking and groaning the enlisted men of Torney General Hospital bowled the initial session in the new league schedule last Friday night after a summer of inactivity.

No sensational scores were registered, but a lot of stiff arms were limbered up, and the going should be better in the future.

High score for the evening was registered by Cpl. Al Pennington of the Dental Clinic squad with a 534. Caccamise of the 1st Sergeants five was in the runner-up spot with 531. Meyers 206 single game was tops for the evening.

Four teams showed good balance this first time out. Dental Clinic, Personnel, QSVL Strikers and the Registrar teams were in that group.

The October 1st session has no bearing on league standings. For the records, no games have been won or lost. The games were rolled Friday night to establish averages for the men.

Competitive play begins next Friday night with the M. P.'s pitted against the Detachment of Patients; Dental Clinic vs. First Sergeants; QSVL Strikers vs. Personnel and Headquarters opposing the Registrar team.

Ninety-six cents out of every dollar goes for War expenditures. The other four cents goes for Government expenses "as usual."

For Freedom's Sake

Air Base Keglers Preparing to Get Going Next Week

Competition in the 21st Ferrying Group enlisted men's bowling league will start next week with enlisted men and Wacs striving for honors.

S-Sgt. Arthur Podway, league supervisor, said that many additional bowlers, including six Wacs, rolled for averages this week and that three teams had already been organized. An eight-team league is planned.

The league will roll its games each Monday night and S-Sgt. Podway asks that all be there at 7:30 p. m. sharp both for practice and when play officially gets underway.

High average this week was rolled by Pvt. John Reicher with a 153 and Cpl. Henry Lorgier was second with a 152.

Aircraft Warning Service Changes Outlined at Hemet

Culver Nichols, area supervisor, representing Palm Springs, and Bill Hillery, Cathedral City, attended a meeting of Chief Observers of county air raid warning posts, at Hemet last night when the new Aircraft Warning Service regulations were discussed.

Burr Van Housen of Hemet, District director of the AWS, presided, and army officers explained the new set-up, in effect at 6 p. m. October 16.

Dolly Evitts, chief observer here, who had planned to attend, was unable to go at the last minute.

Have you heard the one about the army private who went to his officer for a request for leave. When asked why, he said, "My wife wishes me to help her move sir."

"That's too bad," replied the Lt. "Your wife just called and said she did not need you, that you'd be more of a hindrance than a help." The private walked away lost in deep thought. At the door he turned, "Excuse me, Sir, but one of us is wrong, I'm not married."

American hens laid over 6,500,000 eggs in May, 1943, according to the United States Department of Agriculture, an increase of 13 per cent in egg production over the preceding May.

The Axis Stops at Nothing. Don't stop your War Bond Payroll Savings at 10%. Every soldier is a 100 percent. Figure it out yourself.

Hospital Officers Bowling League to Be Started Soon

The Torney General Hospital officers will organize their bowling teams and get the first round under way Thursday night at the Palm Springs Bowling Academy lanes. All indications are that the league will be better than ever this year, with forty officers already signed up to bowl.

It will be strictly a handicap league, with old timers and new bowlers having an equal opportunity to be on winning teams.

Suits Filed . . .

(Continued From Page One)

lands for their own, have collected and kept all moneys. In one or two cases, he said, the land was acquired by force of arms.

Littell declared that of 61 members of the tribe, 21 occupy tribal lands which they lease to others, receiving all income as though the land were their own. With the development of Palm Springs, these properties became very valuable. The estimated rentals, including rentals for improvements, aggregate \$164,400 a year, he charged, whereas the only moneys paid to the Indian office amounted to \$13,300 per annum. There are 226 individuals renting these properties.

INCOMES HIGH

One of the individual Indians who lease lands is receiving an income of \$25,000 annually, another \$32,000 annually, a third, \$26,000. In contrast to this, the assistant attorney general said, there are members of the tribe who get no income at all except the \$150 per capita annual allowance which all Indians get including the large income group.

It is quite impossible for the government, in discharge of its duties to the tribe, to tolerate a situation so filled with inequalities said Mr. Littell. Experience has shown that the situation cannot be corrected by voluntary agreement.

GROWING WORSE

Because each year the situation becomes more involved and because the only solution seems a far-reaching and final court decision, the suits were filed, he declared.

Agents for the justice department have been collecting data on the situation and on rentals for some time preparatory to the suits.

Mr. Littell told members of the tribe that any of the defendants who appear voluntarily to agree to the government's stand, will be released from the case.

Enlisted Men . . .

(Continued From Page One)

during the past month. The public is reminded that this is the Premiere performance of "The Army Wonder Show" and all will enjoy attending the initial performance.

"The Army Wonder Show" will contain laughs, thrills, chills, and spills. Some unsuspecting soldier from the audience will be called to the stage to help with the performance. This hapless individual will be levitated and suspended in mid-air. A G. I. from the audience is used in this scientific experiment to prove that a master of this exacting art can perform miracles with unprepared help.

Many other outstanding events scheduled for the evening include shooting Hirohito from a cannon, The Old Chinese Mystic, "Tell Me Pretty Maiden," and so on.

The show will be presented at The Plaza October 22.

ONE WAY

"What do I have to pay for a marriage license?" asked the timid young man.

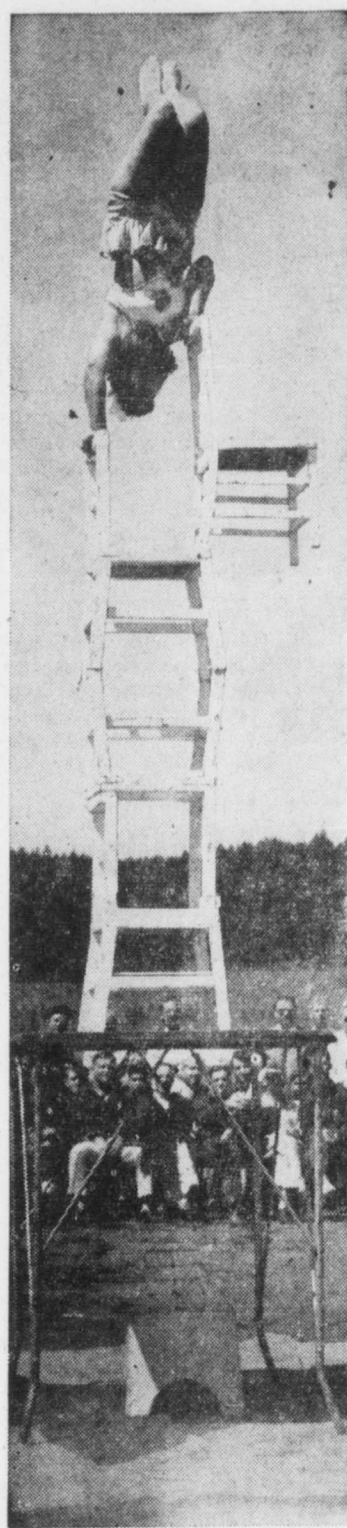

"Well, you get it on the installment plan," returned the facetious clerk.

"How's that?"

"Ten shillings down," said the clerk, "and your entire salary each week for the rest of your life."—Cape Argus, Cape Town.

BACK UP YOUR BOY

Increase your payroll savings to your family limit

Member of Miss Conchita's troupe of equilibrists performing one of their breath-taking feats.

Sunday Is Circus Day

A city within a city will be in Banning for a one day stop: A city which has a population of hundreds, horses, camel, elephants and countless other specimens of wild animal life, in scores of dens and cages.

It is an itinerant affair that for a greater part of a season visits a new town each day, erects its canvas city, delights multitudes, and then loads and skips away to other towns and cities, there to repeat the operation. Reference is of course made to the great Arthur Bros Circus which will Sunday keep open house in Banning with performances at 3:15 and 8:00 p. m., doors being opened at 2:00 and 7:00 p. m. The tents will be erected on the circus grounds located near the corner of Ramsey and Hargrave streets in that city.

WORLD FAMOUS ARTISTS

Featured with this traveling organization are such famous acts as that of Miss Conchita, world renowned equilibrist; the great Olvera Troupe from Mexico; Mel Henry and his famous clown funsters; the famous Oliva Brothers; Senorita Esperanza, sweetheart of the air; Mona, king of the high wire and scores more.

GLAMOROUS SPECTACLE

Pan Americano, a gorgeous fiesta, with charm and romance, serves as a prelude to the main performance. Superb beyond belief, indescribable, a triumph among colossal productions, it is today sweeping all before it with its all-powerful appeal and the very vastness of its character.

On the show grounds the white ticket wagon will be accessible for the sale of reserved seats. General admission tickets will go on sale at the red ticket wagon simultaneously with the opening of the doors.

YELLOW-GREEN PAINT

Under normal levels of illumination the eye is most sensitive to yellow-green light. But as the light is reduced to the twilight level, the eye becomes more sensitive to the greens and blues. In very dim light the eye is particularly sensitive to blue. Because of this shift in color perception, familiar objects may not be recognized under blackout conditions. Some persons might find it difficult to recognize their own houses in very dim light.

FDR says:

Originally we asked for 10 percent in bonds; now we need considerably more.

This Side of the Sun

(Continued from Page One)

been afterward for he wanted to bet—and asked odds on a sure thing. . . . A newspaper friend sees a slam at the press in FDR's action making Oct. 1 to 8 Newspaper week and following immediately by making Oct. 3 to 9 Fire Prevention week.

MUSIC — When you speak of the latest hit tunes, be careful. Tune in fourth place last week on the Hit Parade, "Put Your Arms Around Me, Honey" is at least 30 years old. "As Time Goes By" is 13 years old. Another recently on the Hit Parade, "Don't Get Around Much Anymore" is six years old. . . . Hollywood's present musical pictures are going back a quarter of a century for their hit tunes. . . . My favorite all-time of all times is "Who." Of the current crop, I like "Sunday, Monday or Always" but Bing Crosby has got to sing it. . . . But don't rely on my judgment. The musician member of the family always apologizes when he introduces me to his swingster friends. "Don't mind Dad. He's an odd character. He likes Guy Lombardo."

SWEET MESS—A lot of Villagers received sweet news this week. Even those open-faced letters which always show up on the first of the month were nectarious. A jar of honey, mailed to a local man, broke in the mail sack in transit. . . . What's so funny about a police car being stuck? When one of the city's 'E' cars refused to run Tuesday and the white cop car pushed it down the street, Villagers just stood and laughed. . . . The girl who dove into that pool last Sunday in the nude told police she was an entertainer. Those who saw the episode, agree.

SMART—The average soldier's IQ is high. Friend of mine, hot-footing it along the highway with three soldiers in the back seat, was picked up by a motorcop. Before the officer could ask: "Where's the fire?" one of the soldiers spoke up: "It's all my fault, sir. I asked him to hurry. You see my wife and baby are going to meet me in Los Angeles. The kid was born three weeks after I was inducted. I've never seen the little tyke." The patrolman grinned and waved my friend on—ticketless. After they had gone about a mile, the soldier spoke up pensively: "It would be nice to have a wife and kid. Guess I'll do just that after the war."

CULINARY DEPT. — My dad, who was a doctor, always contended that breakfast should be the day's biggest meal—to prepare for the job ahead. He said the system was just reversed. We didn't need a heavy meal to sleep on. . . . My favorite breakfast, six days a week, is fruit juice, cereal and coffee. And it's always the same brands. . . . The seventh day I really step out with a regular farm breakfast. But it's all wrong. The big breakfast is inhaled on Sunday, the day I don't do anything. . . . A glance along the counters of some of the local eateries in the morning reveals that a lot of girls still stick to that glass of orange juice and a doughnut diet.

FRIENDSHIP — What would you call the height of service? Frank Partridge says he doubts if anyone can beat his experience. Without his spare—his was being recapped—one of his tires blew out on one of the year's hottest days, 10 miles from the Village. While he sat dolefully on the running board, communing with nature and discussing the situation with himself, along came Tommy (In Person) Persons, one of Pat Patterson's helpers. Tommy stopped, asked the trouble and offered Partridge his own spare. Not only that, but while Partridge sat and told funny stories, Tommy jacked up the wheel, changed the tire and put everything away. Did Partridge feel bad, however, when he heard that Tommy, himself, had a flat tire before he got to Los Angeles. But what a Pal!

POLITICS — Local democrats scoff at the report that Harry Sheppard, who used to represent this district in congress, is going to oppose Sheridan Downey in the democratic senatorial primary coming up. . . . The cartoon I liked best recently was in three panels. Top one showed Gen. MacArthur in Australia asking for aid. Center one depicted FDR and Churchill agreeing to send aid. Bottom one showed Eleanor arriving in Australia.

TRAGEDY—Billy Wright, realtor, going under an obstruction the other day, raised up too soon and knocked off his glasses, breaking the lens. He didn't leave a stone unturned in getting them repaired speedily. He heard a new shipment of steaks had arrived at a local market and wanted his glasses back so he could go down and admire the display before it was sold out. . . . The government says the average life of a dollar bill is six months. Not if I get it

Desert Inn . . .

(Continued from Page One)

and four years previous to that was with the Arizona Biltmore. He was with the Mission Inn at Riverside for four years before going to Arizona.

HIS 23RD SEASON

D. S. Yee will be back as chef. It is his 23rd season with the Desert Inn and he has been there continuously since 1921.

Miss Frances Markland returns as dining room manager, and Mrs. Jessie Titus returns as head of the house-keeping force. She was in charge of similar work at the Lake Arrowhead lodge this summer.

Mrs. Coffman spent most of the summer at her ranch at Banning, Lazy Acres, but paid many visits to the Village in the interests of the hotel.

Mr. Roberson was in and out of the Village all summer, spending much of his time here.

VILLAGE RENDEZVOUS

Mr. Coffman spent the summer at Lake Arrowhead where he managed the North Shore Tavern and the Arrowhead Lodge.

While the Desert Inn has long been world famous and synonymous of Palm Springs, it is also a popular recreation and dining spot for Villagers who will welcome the news of its formal opening next week. The management has always been gratified by and appreciative of this Village patronage.

first . . . Average life of presidents of the United States is 69.9 years. Average life of kings in Europe, 53.6 years. No statistics on dictators is given. I'd like to suggest around six months.

RADIO—Best crack of the week on the radio: Phil Baker last Sunday asked a soldier, just before the last and \$64 dollar question: "What are you going to do with all this moolah?" "Pay my wife's hospital bill," was the reply. The soldier answered the question. "Do you want to go on?" shouted Baker. "Sure." "What will you get if you answer correctly?" "I'll get \$128." "You win \$128," roared Baker. It was a swell gesture and swell advertising for the Eversharp company and I don't mind helping it along.

Dancing is part of a soldier's training in China.

Pay Telephone Bills before the 30th and receive your discount.

Stanton Griffing Associates Offer Complete Service

Stanton Griffing and associates, Elizabeth Griffing and Louise Peel, this week announced a complete service of aid to business and professional men and others, in taking care of the increasing reports and forms required by new laws and regulations.

Besides accurate and interpretive accounting methods, Mr. Griffing said the firm was equipped to make out all reports, to the collector of internal revenue, state employment commission, state board of equalization, to the OPA, besides other reports required by law.

The service is planned to relieve the business man of all red tape and legal matters and let him devote his time to his business, that of selling.

Income Property

Twelve rentals located in the heart of Palm Springs' exclusive apartment district. Walking distance to center of shopping district. Building in perfect condition. Beautiful patio. Room for additional improvements.
